What's new - voice call and optimization of video calls and fixes- Error fixes and performance improvement Email: feedback@botim.me See more SIGA-NOS BOTIM - video calls and chat for Android Screenshots Download and install BOTIM - video calls and APK chat on Android In others to have a smooth experience, it is important to know how to use the APk or Apk MOD file as soon as you downloaded it on your device. APK files are raw files of the Android app, similar to how .exe is designed for Windows. APK means Android Kit Package (APK for short). This is the batch file format used by the Android operating system to distribute and install mobile apps. In 4 simple steps, I'll show you how to use BOTIM - video calls and chat.apk on your phone as soon as you've done its download. Step 1: Download BOTIM - video calls and chat.apk on your device You can do it right now using any of our download mirrors below. Its 99% guaranteed to work. If you're uploading an apk to your computer, make sure to move it to an android device. Step 2: Allow third-party apps on your device. To install BOTIM - video calls and chat.apk, you need to make sure that third-party applications are being included as the source of installation. Just go to the menu for the security settings and check unknown sources to allow your phone to install apps from sources other than the Google Play Store. On Android 8.0 Oreo, instead of checking the global setting to allow installation from unknown sources, you will be asked to allow your browser or file manager to install APKs on the first attempt to do so. Step 3: Goto Your File Manager or browser location Now you will need to find BOTIM - video calls and chat.apk file that you just downloaded. If you prefer, you can also download the file manager app here, so you can easily find files on your Android device. Once you have found the BOTIM - video calls and chat.apk file, click on it and it will start a normal installation process. Click Yes when asked for anything. However, be sure to read all the hint screen. Step 4: Enjoy BOTIM - video calls and chat are now installed on your device. Enjoy! Are APK files safe? Ignore any rumors or site that says otherwise. APK files are usually as secure as the .exe Windows PC file, hence the most important thing to note is that you should always download it from trusted sites. You Are You have nothing to worry about as we have provided some of the safest sites in our Apk download mirrors below. Thanks for reading this tutorial. Download the app below!
