Balanced solutions for productive spaces. As part of the Tarkett family, Johnsonite delivered the widest portfolio of high-performance, elastic surface-to-be in the industry. With practical solutions and healthier materials that support every phase of the project, from specification to installation and maintenance, we can deliver measurable returns on investment and beautifully functional spaces that support people who live, learn, work and heal in them every day. This is a special area between the wall and the floor, which unites the entire space. This is what the wall base of the is. Our options portfolio is the largest on the market. Learn more about TRADITIONAL VINYL 1/8 (TYPE TV) Traditional vinyl wall base provides beauty, quality, durability and solid performance. Ideal for any commercial use, the traditional vinyl wall base is offered at three standard heights. With over 107 color options, the right color is available for any project. Discover the environmental characteristics of this product and its contribution to LEED on ecomedes. TRADITIONAL VINYL 1/8 (TYPE TV) is suitable for apps in Do you have any questions about this product? Call (888)355-6287 or email us. The questions that others have asked: Do you have a vinyl bay base come with glue already being applied? Hi Anthony, Thanks for your question. We do not carry any type of wall base with peel and stick tape. In the past, we have found that the app is not effective. Thank you, Koffler team I would like to buy inside and outside corners, but do not need a box of 25 each. Do you sell them separately? Hi Kevin, thanks for your question. Unfortunately, we do not sell internal and external corners for less than a box of quantities. Thank you, Coffler's team #A505 wall base. What is the measurement of the nose? i.e. how far it sticks out of the wall. We are looking for something in a roll that will cover about 3/4 of an inch. Hi Brian, thanks for your question. The base of Johnsonite's vinyl walls sticks 1/2 off the wall. The only products that we know about on the market that can hang around at least 3/4 is our sanitary foot (2) and our Millwork quarter round (3/4), Thank you, Koffler team We're going to try to apply 2 1/2 vinyl wall bases to steel cabinets. This is to seal the gaps between the base of the cabinet and the floor. Can you recommend a glue that will work on metal? Hi John, thanks for your question. The recommended glue for steel and other non porous surfaces will be the contact glue, our product number A408. Thank you, Coffler's team, which I'm renting. The bathroom vanity has water damage around the bottom. Owner replaces and offered a base board. Would you recommend product for this? Hello Jennifer, thanks for your question. Yes, we recommend this product only if there is no moisture, there are repetitions behind the cadboard. Thank you, Koffler team Johnsonite Traditional Wall base type TV thermoplastic elastic bay base, which provides good flexibility and dimensional stability. With Johnsonite 4 inch vinyl bay casting charcoal 20, it is made of high quality materials with unsurpassed durability for commercial decking.
