One of the 50 coolest websites... they just say how it is - TIME Why Sleepover rated TV-PG? The Televisive Parent Guidelines Monitoring Board rating indicates that this program contains materials that parents may find unsuitable for young children. The Kids-In-Mind.com's score includes a pair of cleavage revealing outfits, multiple robbery scenes, several scenes that include threats with knives and weapons and several fistfights, several chases in cars and a boat and other risky activities, bullying and arguments, as well as some moderate language and name calling. Read our parents' guide below for more information about sexual content, violence and strong language. During the sleepover, brother and sister (Maxwell Simkins and Sadie Stanley) discover that their overly caring mother (Malin Okerman) was once a high-level thief and is now in the witness protection program. When she is kidnapped with their father (Ken Marino) and forced to pull out the last job, they are determined to save them. Also with Cree Chicchino, Lucas Jay, Carla Souza, Joe Manganiello, Erika Okuma and Eric Griffin. Directed by Trish Xi. A few lines of dialogue speak French without translation. Duration: 1:42 - A man kisses a woman's hand. A man hugs a woman. Teenager tries to find the skirt of a teenage girl, unsuccessfully. Two teenage girls wear tight thigh-length shorts, while one of the girls wears a medium-length miniskirt in the other scene. Women wear strapless dresses that show bare shoulders and arms (without cleavage) in several special event scenes. The woman wears a tenacious off-the-shoulder dress (cleavage visible) and a slit at the top of the thigh with one hand (her bare thigh is visible); she later rips her skirt above her knees. The review continues below ... - A man and a woman break into a house, threaten a woman and hold a knife in a man's neck; The woman, threatened, punches the first man with framed pictures and throws things at him with a plate, hitting him in the crotch, and he grunts, and he injects a sedative into the woman's neck, as well as the dog's neck, and both fall unconscious; The first couple then kidnaps the second pair. A man, a married couple, two teenage girls and two teenage boys are seen in a penthouse apartment where the first man announces he is a thieving syndicate leader and his girlfriend walks around pointing a gun at children while a married man throws a giant spider in the face of a gun toting a woman who suffocates and a fistfight begins between two women: one stabs another with a mink of meatballs, a metal lamp, a stone Until one man shoots a chain from a chandelier that knocks a gun-toting woman unconscious and the first man rushes away with a priceless crown. Two and a woman in handcuffs in and one prisoner kicks another captive man and knocks him to the ground, knocking him down when two chairs disintegrate; A slow motion fist fight takes place between the first man and the kidnapper with several punches and kicks, but no blood, and one man is knocked out and the captives escape. A man and a woman argue on the way, and another man runs out of the cab, holding a bat as the woman points the gun at the first couple, and then tells the others that they will cooperate to poison the queen enough to sick her and steal her crown jewels; they all argue and the gun-woman points her gun at others to end the argument. - A woman beats a man unconscious in the hallway, throws the second man to the floor, she pulls the flagpole from the flag, the man raises the flag, and each of them uses the details as a weapon to hit and stumble several men who fall; the table and some chairs fall with a loud rumbling and we see a few kicks and body slams that cause loud thuds as the men fall. A family of adults and children hijacked an SUV, and a teenage boy inside shoots a laser pen that smashes the side window and blows up three parked cars (no one was hurt); The SUV pursues another car, screeching tires and speeding around turns on the streets at night and a teenage girl in a car chase says: We will all die as both vehicles crash through a line of water-filled barrels and stop; One man limps away and the other man runs after him, grabs him by the waist until the thief stops and the woman kicks the man hard in the face. A man enters a house where he finds two teenage girls and two teenage boys; one of the boys jumps on him with a toy sword that lights up and throws it at him, then punches and kicks him, and we see a man tied to a chair with a string of Christmas lights and a garden hose and a sleep mask on his eyes; the man later falls from the chair to the point behind the screen and we hear the thud. The man carrying the stolen object is kicked and the object nearly falls into the river, but it is shoved by a teenage girl, who was held by one of her legs to prevent it from falling into the water. Two teenage girls and two teenage boys find a warehouse with two secret rooms inside; One room is full of cases of weapons that include handcuffs, headquarters, spikes, pistols, ammunition, laser pens and laser rifles. The boy gets into the secret room and climbs to the platform on a very expensive car, he accidentally uses a laser handle to cut the red line into the wall and four teenagers get into the car with one teenage girl driving without a license, but one of the boys presses a button called Predator Mode, the girl screams, and the car drives fast on its own. Four young men broke into the building unlocked the window and found a secret room with a dark staircase leading to the tunnel where they are stopped by a woman, grabs one boy, slaps him face down in the countertop (he is unharmed) and and she leaves, a teenage girl handcuffs her to a pipe on the wall, and the woman says to the girl, I'll find you and kill you. - Two teenage girls and two teenage boys drive along the river at night with a teenage boy driving a motorboat without a license; A coast guard officer shouts at them, and the first four children jump into the water in life jackets, swim to the dock, lie down and suffocate from the air; they go to the store where they steal dry clothes and the policeman yells at them from the balcony, but they run onto the subway to the waiting room where the person inside stops them and they tell him they are musicians, so he takes them to the stage where he starts calling the police but hangs up. In front of her son's friend and another woman, the mother says that her a tastefully son still wets the bed and wears special night trousers fitted with alarms; the man enters the room and says he still wets the bed sometimes. The man touches the poisoned patch on the woman's hand and puts his hand to his mouth, after which he gags and retches several times until he vomits a lot of brown material over himself and the long skirts of two women and a man's tuxedo nearby (we see a cloth); In the back seat of the car, the man burps loudly, flatulates for a few seconds twice, and rolls down the window as he complains of a bad smell. The man rubs the back end (dressed in vomit-covered trousers) over the leather seat of the chair and taunts the person who mocks him (we don't see that vomit is carried on the stool). The man is carried away by security guards at the event and searched behind the screen; When he returns, another man asks how the body cavity search went, and was looking for a man saying fine. A teenager in a tunnel runs into a huge web and spits, but we don't see braids. Another teenage boy complains of allergies to several things. Two teenage boys follow a teenage boy into the hall, filming him on a smartphone and taunting him when a woman stops them and threatens older boys by harassing their families at night and cutting their parents' brake lines; bullies get away quickly. The teenager gets upset that the dog will not wake up after being injected with a sedative (later the dog is fine). A teenage girl hits her head against an open locker door. The man knocks a large vase from the stand at the front desk, and it falls loudly and breaks. A small group of high school students means that girls mock another teenage girl for playing the cello well. A teenage girl mocks her pastry father for training with his fingers. A teenage girl argues with her mother several times and argues with another teenage girl several times. Two men sarcastically argue in several scenes. The man and woman briefly argue. Keep in mind that while we do our best to avoid spoilers it is impossible to hide all the details, and some of them can reveal important elements of the plot. We've gone through a few editorial changes since we started covering movies in 1992 and the old reviews aren't as complete and accurate as the last ones. We plan to review and fix old reviews as resources and time allows. Our ratings and reviews are based on theatrically-released versions of films. On the video is often unrated, Special, Director Cut or Advanced version, (usually accurately labeled, but sometimes incorrect) released, which contain additional content that we do not review.
