I mean, really describe them, so I could have a clear image in my head of what they look like - things like body shape, age, hair, etc? If you want to do it well, describing the appearance of people in English can be tricky and requires a lot of detail. So today, let's take a look at 72 adjectives to describe the look on English.Adjectives for Body ShapesOK. Let's start with some adjectives to describe someone's overall body shape. By the way, we have a few words for body shape: figure, physics and build are the most common ones. Other words for being fat or overweight are just means heavier than it's healthy. Obesity This means very overweight. Sometimes it can be quite dangerous ... .. Like this guy. Stout May be a little fat, but strong or solid look. Usually quite short. Stocks Short with a wide body. Paunchy Do you know how some men gain weight? They don't just get fat everywhere - just a stomach. It's pot-bellied. Although we don't usually say: He's pot-bellied. Go on He has an abdominal cavity. The pot is just like the pot-bellied. A large bone with a large body structure. We also use this adjective as a euphemism (a way to say something negative indirectly). If you call someone with big bones, it's usually just another way of saying they're fat. Chubby is a bit fat. Slightly overweight. But only a little. Think of the cherubs. You know, these guys are just like the chubby ones. Podgy is also the same as plump. Why do we have so many words for Maybe we really like cherubs. Let's look at some more cherubs: Curvy This can be used in two two he describes a woman with a thin waist and wide hips. And sometimes, it is used as a euphemism means fat. But it's better to say curvy, isn't it? Or better yet, just not to mention it. Flabby We usually use this to describe a part of someone's body, not a person in general. So someone might have flabby hands or a flabby stomach. This means they have a lot of free fat (or skin) that kind of shakes and swings when they move. Other words for Slim or Little Slim are thin, in a rather or elegant-looking way. Slim Positive word for slim. You can use this to praise people: Hey, you're looking slim these days. Did you work? Lanky Tall and slim. But in an awkward way. Skinny is very thin, perhaps too thin. Like someone who doesn't eat enough. Little do you know those people who are so thin that it looks like they can break to pieces if they fall? That's insignificant. But be careful: we don't usually say: It's small. We usually say: She has a small build. Petite Is French for the little ones. In English it also means small, but we tend to use it to describe short women. Other words for a muscular Beefy someone with lots of muscle. It is informal and is commonly used for men. Try to push him. I bet you can't. Buff is in good physical shape. Probably with the visible action of the muscles occurs. Burleigh Strong, heavy. Like a warrior. Or a bull. But the guy. Broad Broad actually means wide. Imagine a broad man - one of those big guys or girls. Well-built Big. Strong.Ripped What is a great cliché in the gym? It's a six-pack, right? You know when your stomach looks like this: This is what I think about when I think about ripped -- muscular and in good shape. And I'm happy to show it, I guess. I think I would. Don't you? Other adjective body shapes Are you aware of those tall, lanky people who never look comfortable? They move, looking uncomfortable. When they sit down, they look uncomfortable and awkward. They're gangsters. Stooped someone who walks as if they're walking through a low doorway - but all the time. The opposite of standing up straight. Dove-legs Standing with your feet facing each other like this: Adjectives for attractiveness We have many positive words for attractiveness. But look! Only three negative. I think that says a lot of good things about people. Other words for BeautifulAttractive nice to watch. You would happily look at this person for hours if it wasn't socially unacceptable. Beautiful It's as beautiful, but usually for men. More courageous and courageous. Grrr.Pretty Not as strong as beautiful, but still positive. Usually used for women (and my cat). Because the internet lacks photos Stunning Extremely attractive. Even stronger than handsome. A gorgeous more informal way of saying beautiful or or Er... He (or she) looks ... Ok. Cute We actually often use this for things like kittens. Kittens are weird - they make us change our voice and say stupid things like you're a kitten, don't they? What do you do? You're a kitten! That's because the kittens are cute. But we can also use cute to mean attractive. Hot More or less just like sexy. Other words for UglyRough It's actually quite rude, so be careful with that. But he's there. And it's used. It's very ugly. Also, it's very British.Plain It's another euphemism. We use it when we want to say that someone has nothing about them that is attractive. They're not ugly. Just... Boring... Simple... even forgetful. The adjectives for HairOne are things that really makes us look different from each other, that weird stuff that grows on top of our heads: our hair! I mean, really think about it. Isn't it weird that we have? Hair Adjectives TypeCurly Like This: This: describing people's appearance text pdf. describing people's appearance and personality test
