Read current versions of FAA-approved Hartzell propeller operations and maintenance manuals. All of these guides are available as a free download. The Hartzell owner's guide 哈泽尔螺旋桨用户手册 the owner's guide to provide regularly necessary information to the pilot, owner or mechanic to properly operate and maintain any Hartzell propeller, regardless of the installation of the aircraft. The owner's guide is Hartzell Non-Aviation owner for hovercraft and wing-in-ground-effect (WIG). Hartzell Field Maintenance Manuals Hartzell provides information that air mechanics often refer to, including tools, approved consumables, and maintenance and repair information for composite blades and metal spinners. Anti-Ice or De-Ice provide detailed information on maintenance, inspection, and troubleshooting for the propeller and glider installed by Hartzell's ice protection components. The Application Guide to Application is a complete catalog of each approved Hartzell installation sorted by aircraft make and model. The application manual provides a source of information that can be difficult to find through any other source. Manual review of the status of the sheet Get a PDF summary of the current revision number and the date of revision of all Hartzell manuals. The summary also includes the number of recent temporary changes, if applicable. This is the quickest and easiest way to confirm what your Hartzell guides are up to date. Hartzell Propeller Integration Guide Hartzell single-gig propel Integration Guide 190 for turbine aircraft engines and single-gig propeller integration guide 191 for reciprocal aircraft engines are designed to provide the engineering information needed to properly integrate Hartzell screws with engines and aircraft. The target audience for these guides are aircraft manufacturers, modifiers, kit developers, engine developers and certification bodies. The current level of revision for these guides is listed on the Hartzell Manual Revision Status sheet on the Hartzell Distribution of Hartzell Propeller Integration Guides is limited and monitored. Please contact Hartzell OEM Sales for more information. North America:1 (800) 942-7767 International: No. 1 (937) 778-4200 Hartzell Owner's Search Guide provide instructions for continued airworthiness (ICA). Information includes description and operation of the propeller, installation and removal instructions, testing and troubleshooting information, verification information and and maintenance practices. A free Adobe Reader is required to open PDF documents. Click here to download and install it.
