It seems as if as soon as TAN Books dispatches them to various dealers, they fly off the shelf before the dust ever comes across. I don't usually fall for favorite books. I like to think I'm looking for lesser-known and less popular books, but when I was offered the chance to review this book, I realized I'd see what it was all about. Boy, I was glad I did! The guide to the spiritual manual for spiritual warfare was one of the most popular Catholic books in recent memory. It seems as if as soon as TAN Books dispatches them to various dealers, they fly off the shelf before the dust ever comes across. I don't usually fall for favorite books. I like to think I'm looking for lesser-known and less popular books, but when I was offered the chance to review this book, I realized I'd see what it was all about. Boy, I was glad I did! The Guide to Spiritual Warfare begins with a guide on how to use this guide. He's telling us we're in an ongoing battle against the world, meat and the devil. The book focuses on our war on the devil! The first part lays out the biblical and theological foundations for our warfare with the devil, and the second part helps us for battle, i.e. hymns, Bible and prayers. The first part was my favorite part. It was divided into six chapters, which are as follows:1. Know enemy 2. Know your battle 3. Know the commander and comrades of the 4th Battalion. Know your weapons5. Know your camp 6. Keeping the enemy away from the enemy's camp seems like the most obvious advice, but as it sounds easy, he still finds his way into our camp. One way Satan ends up in our camp is through Trojan horses like Ouija boards or evaluation. Poisonous creeps are another way of satan icing on our camp. St. Theresa Avilska was referring to small sins that we do not consider important or important, poisonous reptiles. The last piece of advice is to fight a good fight that leads to the second part, which provides us with methods of struggle. I also enjoyed reading about spiritual struggles in the life of saints. Here we see the examples of St. Patrick's Day. Anton the Great, Saint Benedict and many of the desert fathers. I love desert fathers, so every book he promotes gets a good mark in my book! Of course I will recommend you buy this book, but buying is not enough. Carry it with you wherever you go. Read it. Look into it. Remember the Bible. I'm going to have prayers at my heart. This is one of the best books on spiritual struggle after Lorenzo Scupoli's spiritual struggle! Bound in top-notch ultra soft leather, it makes a wonderful gift for Confirmation, graduation, birthdays. or even weddings. Don't just buy one of these. Buy two because you won't want to give up a copy when a friend asks him to borrow yours! ... more Page 2 2
