I believe it shows a healthy stay in the coming weeks. It's skewed to parent, so it means the audience it appeals to doesn't feel the need to rush out the opening weekend. It's a fun movie with a lot of encouragement, and I think a lot of filmmakers will still find it. [21] McAdams was disappointed that the film couldn't find a larger audience, pointing out that I only hear from these businessmen: 'Well, no one was sure who it was for.' [22] Critical esponse at Rotten Tomatoes, the film has a 55% approval rating based on 178 reviews, with an average rating of 5.98/10. The critical consensus of the site reads: It's lifted with a pleasant performance of its impeccable cast, and it's often charming – but Morning Glory is also inconsistent and derivative and the weighted average of a movie is 57 points out of 100, based on 38 critics, indicating mixed or average reviews. The audience commissioned by CinemaScore gave the film an average rating from B A+ to F. of ReelViews wrote: Despite the usual to solve the story, Morning Glory produces enough good desire and genuine laughter, so that it is difficult not to like [] It fits into a shrinking category: old-fashioned, not too raunchy, character-based comedy. It is shaller, unassying and, despite its shortcomings, pleasant. It doesn't ignite new paths or amaze with its wit, but you're more likely to leave the theater smiling, and it's certainly worthy of a recommendation. [29] Lou Lumenick of the New York Post said: This unofficial update on news-vs. fluff wars gets good images in the crazy world of morning TELEVISION It contains more than a few clever lines, and has a starry sky. Salon's Andrew O'Hehir described the film as a lush, light backstage comedy that looks lovely, doesn't offend its audience and uses both its young and old stars brilliantly. [31] Ty Burr of the Boston Globe wrote: The film is a pleasant and at times hilarious journey, even if it has bait and exchange at its core. The Chicago Sun-Times' Roger Ebert awarded Morning Glory is fun entertainment at first, and then Rachel McAdams changes that. () I prefer these. It grows for human nature and tells about how people do their jobs and live their lives. role in years. He added: Iconic Han Solo and Indiana Jones show real comics as Mike Pomeroy. [34] According to Entertainment Weekly's Owen Gleiberman, Ford is still a magnetic kink of a gray granite movie star, and in Morning Glory he finds a way to cheat his deadly gloomy, shifting quicksand and delivery into a wise and amusing acting style. [35] Joe Neumaier of the New York Daily News wrote that Ford is the most relaxed he's been since Working Girl, [36] while Colin Covert of the Minneapolis Star Tribune noted: Ford's gravitas and comedic irritability are perfectly balanced here. Rex Reed of New York Observer stated: All this gives Harrison Ford a role that suits him like a condom. He gets to be grumpy, granite-faceed, mean-spirited, rude and pessimistic, never cracking a smile and taunting like a rat just died in studio air conditioning pipes The cast is perfect (irritable as Clifton Webb, Minder Pord has never been so good). [38] Several critics considered McAdamsin Manohla Dargis wrote in The New York Times: Ms. McAdams plays her role exceptionally well: as a young actress who can beat a boy, tame the beast, flash her panties and make you smile without make you cry, she's natural. [39] Kenneth Turan of the Los Angeles Times noted: While the film's advertising gives the impression that McAdams is one of the equals, the reality is that this is his show. () He's never carried an entire movie as completely and as easily as he did here. The Chicago Sun-Times' Roger Ebert compared Rachel McAdams' performance to Amy Adams' Oscar-nominated junebug. [33] Keaton's performance was also praised. According to ReelViews, Keaton is so good at his part that he can be seen sliding effortlessly into the anchor's chair in the right morning show. Critics say there was good chemistry between Diane Keaton and Harrison Ford. Peter Travers of Rolling Stone noted: Ford and Keaton are delicious together. Rex Reedille: Part of the blunder between Mr. Ford and Ms. Keaton is a laughter dispute. [38] But it was also noted that K
