A Brief History of Germany Germany has and a diverse history that dates back to the Germanic tribes before the Roman Empire. The country has rarely united in its history. Even the Roman Empire was able to control only part of the country. In 1871, Otto von Bismarck managed to break the country by force and through political alliances. At the end of the 19th century, Germany became embroiled in tensions and conflicts with other countries. This tension eventually led to World War I. Germany, along with its allies, Austria-Hungary, the Ottoman Empire and Bulgaria, was defeated by allied forces, France, Great Britain, the United States, Russia and Italy. By 1933 Adolf Hitler and the Nazi Party had come to power in Germany. Hitler's invasion of Poland led to World War II. After Germany's defeat in World War II, it was divided into four allied occupation zones, creating East Germany, controlled by the Soviet Union, and West Germany, controlled by the United States, Great Britain and France. In 1961, the Berlin Wall was built, creating a physical division of the country and its capital Berlin. The wall remained in place until 1989, when it was finally removed. German reunification followed in 1990. On October 3, 2010, Germany marked the 20th anniversary of the reunification of East and West Germany. Germany is located in Central Europe and borders nine countries, more than any other country. Its neighbours are: FranceDenmarkPolandLuxemburgBelgiumSwitzerlandCzech RepublicAustriaNetherlands Germany Geographical features include the borders with the North Sea and the Baltic Sea. The country has a large forest area near its border with Switzerland called Black Forest. It is in this forest begins one of the longest rivers in Europe, the Danube. The Black Forest is also one of 97 reserves in Germany. Do you know these other funny facts about Germany? It is one of the most populous countries in the world. Before it was replaced by the euro in 1999, the German currency was the German brand Deutsche Mark. Germany is home to such famous composers as Bach, Brahms, Schumann, Wagner and Beethoven.The brilliant physicist Albert Einstein was born in Germany. He, along with more than 100 other Germans, was awarded the Nobel Prize.Germany is one of the largest car manufacturers in the world, producing cars such as Volkswagen, Porsche and BMW. Oktoberfest began in Germany in 1810.Germany is home to about 20,000 castles! Germany has 16 states. It was the first country to adopt that took daylight saving time. Updated by Chris Bailes You probably know that Sacajawea played a vital role in Lewis and Clark's expedition, but did you know that the first woman to run for president of the United States was Victoria Woodhall in 1872 (although women did not win the right to vote until 1920)? Or that Nelly Tylo Ross was the state's first female governor? She was governor of Wyoming, which also became the first state to grant women the right to vote. Did you know that the inventor of the wiper was a woman? It was President Jimmy Carter who issued the first Presidential Declaration in 1980, naming the week of March 8, National Women's History Week. In 1987, Congress passed a resolution that officially declared the whole march a National Women's History Month. We now celebrate the remarkable achievements and contributions of women to American society during National Women's History Month with the current President of the United States, issuing a Presidential Declaration every year on March 8 or so to recognize this event. Women's contributions are also recognized around the world on 8 March as part of International Women's Day. You might want to celebrate Women's History Month in your home school or classroom. You can do By choosing the famous woman from history in the Women's History Fair inviting students to your home school group or class to select a famous woman to representwriting a letter of appreciation to an influential woman in your life reading biographies about women who have contributed to the American society interviewing prominent women in your community every year, the National Women's Historic Project announces the theme for women in this year's Story of the Month. You might want your students to write an essay based on this year's theme. You can also present the theme of Women's History Month to your students with the following print editions. These printed represent several women from U.S. history whose heritage can be recognized even if their names are not. See how many of these women are familiar to your students and spend some time studying those whose names your children may not initially recognize. Print PDF: Famous Firsts Vocabulary sheet use this famous Firsts dictionary sheet to introduce their students to nine famous women from history. Visit your local library to borrow eye-catching biographies of each, or use the Internet to learn more about each woman and her contributions to U.S. history. Students will match a woman's name from the word bank to her achievement on the lines above. Print PDF: Famous Firsts Word Search Use the famous first word search to review the women your student learned about when completing a dictionary stock sheet. Ask them to tell you one fact about each that they found intriguing. Print PDF: Famous Firsts Crossword Students can consider what they learned about famous firsts and women from American history by completing this crossword puzzle. They must choose the right name from the word pot to match each woman's achievement, which is listed as the puzzle key. Print PDF: Famous Firsts Challenge Challenge your students to demonstrate what they have learned with the famous Firsts Challenge. Students will answer every multiple choice question based on what they have discovered about these pioneers in American history. They can use the Internet or library to refresh their memory for any answers they are unsure about. Print PDF: Famous Firsts Alphabet activities elementary ages students can practice their alphabet skills by listing the names of every famous woman in alphabetical order. For an additional call, instruct your students in alphabetical order by name, spelling the last name is first followed by a comma and the name of the woman. Print PDF: Famous Firsts Draw and write a page Your students can complete their study of famous first and women from American history by selecting one of the women to whom they were introduced and writing what they learned about it. Students must include a drawing the contribution of their subject to history.
