Teaching and studying the Holy Koran is the source of a great blessing. The Holy Prophet (the peace and blessings of Allah will be upon him) said: The best of you is the one who recognizes the Holy Koran and teaches it to others. We are pleased to reproduce zida Yassarnal-Kur'an with instructions provided in English. The text of zida, however, remains the same. Following these instructions, the beginner can make the best use of this primer, which is designed to properly and effectively study the Arabic text of the Koran. Experience shows that a beginner, even a child, can start reading the Koran within six months. Here are some of the characteristics of zida Yassarnal-Koran: The zida Yassarnal-Koran was written by the great scholar of the Holy Koran Hazrat Pir Mansour Muhammad and was first published in 1904. It has proved to be very useful for teaching and studying the Arabic text of the Holy Koran for beginners of all age groups. Zida Yassarnal-Kur'en has instructions with each lesson and every reading can be very helpful in proper and effective reading of the Koran. Zida Yassarnal-Kur'en contains 40 exercises and a beginner can easily go through them within six months. All lessons are simple and organized in the most systematic way. zida Yassarnal-Kur'an is not a book called Teach Yourself. The notes in which each lesson is given are a kind of Teacher's Guide. However, phonetic examples were added with lesson notes to allow the adult to continue himself as soon as some help was given to him at the beginning.
