Your child may want to read something that everyone reads at school, an old favorite they've read a hundred times before, or something you wouldn't have chosen for yourself: another book about a pony or a football player's biography you've never heard of. Giving your child a free book choice is a great way to create excitement about reading. If your child tends to want to read the same books over and over again, it can be difficult to balance your child's encouragement to read outside the box with allowing them to choose their own books. The best course is to strive to combine old favorites and exciting new ideas. Don't tell your child they can't read a book they've read multiple times - but be sure to point out new titles that can appeal.

4. Listening to audiobooks Listening to audiobooks together can work well (even better when it plays with a sacred tablet or smartphone). It may be curled up before bedtime, but it can also be in the car or at home while you are getting ready for school. Take a look at the free audiobooks in our e-book library for inspiration.

5. Keep reading aloud to your child, perhaps already a free reader, but there are still many benefits to reading aloud to your child. Reading for your child gives them the opportunity to listen to books that they may not be able to read on their own. This includes books that take too long for their current level of endurance reading, books with tricky vocabulary, or books that introduce concepts that benefit from discussions with adults. It also gives you a lot of chances to talk about books with your child, and guarantees some time together. Learn more about reading aloud to older children in James Clements' blog, Carry on Reading Aloud. If your child is a reluctant reader, try meeting them halfway. Maybe you read a page to them and then they read the page for you. Or, you read one chapter, then they read the next few about yourself and then you read another.

6. Use photos to tell stories For young children, photography provides a great opportunity to practice understanding skills. This can also be true for children as they get older and become more confident readers. Blog: Photobooks for older readers Talking about what happens in the picture, what the characters may think, or what might happen next. You can use a photo or picture yourself, or an illustration from a picture book, a non-fiction book or a comic book. Many popular children's books have illustrations as part of the story.

7. Reading between the lines Talking about stories, poems and information books can help your child understand books in different ways. It's not just about what happened or who did what. about what the book means to your child and whether they think they are any less obvious values that the author wants us to spot. Click on each link To find them: Pack 1 Invisible Man HG Wells, Charles Dickens's Christmas Song and The Adventures of Tom Sawyer Mark Twain Pack 2 Kidnapped by Robert Louis Stevenson, Oliver Twist Charles Dickens and Time Machine HG Wells Pack 3 Alice's Adventures in Wonderland Lewis Carroll, Dracula Bram Stoker and Dog Baskervilles Arthur Conan Doyle Verne, Travel Gulliver , Railway Children E Nesbit and Dr. Doolittle Люфтинг Pack 6 6 Oz L Frank Baum, five children and his E Nesbit and Wind in the Willows Kenneth Graham Pack 7 Treasure Island By Robert Louis Stevenson, Great Expectations Charles Dickens and War of the Worlds by HG Wells 2 (en) Increase understanding with song songs to go their way through THE SATs with Matt Dix's guide to using popular music to improve children's literacy skills. By carefully selecting 10 famous songs for his class, Matt broke each one into four separate reading insights: search and recording, contextual clues, output and independent evaluation. First, they read the words and annotated them; then listened to the song, learned and sang a chorus or two; and then they crack with understanding. Read how you can do the same here. 3 see Use Hello Adele to understand on a similar note, Shareen Myers composed in Adele as TA during the day and shows you how to do the same while looking at the lyrics to one

of her big hits. Check out her guide here. 4 cm.
