While the hourly rate isn't too high, I've received plenty of paid time for school breaks that's largely done for it. The management is great and I felt like I was welcome and wanted at work every day. Working with high school students, sometimes challenging, was extremely rewarding. This review was helpful?-Very collaborative and collegiate work environment -Kids are well behaved -Veteran staff -Good planning and time collaboration every day -Kind leaders!s this helpful review? A typical working day consists of completing morning routines, assisting the head teacher when needed, assisting students with bathroom changes if necessary, and checking emails for any changes throughout the day. Was this review helpful? It might be a great place to workHorizon would be a great place to work, but the management gives special treatment to some colleagues and not others. They tell all your personal affairs in all staff that school workers shouldn't know each other's personal affairs. The staff isn't pleasant to everyone elsels this helpful review? Any teaching job is great, only you don't get paid enough here in Arizona to have a life outside of work. Unless you count having 1 or 2 life side jobs outside of work. Was this review helpful? OK - Small district that seems to be generally worried about children. Because it's smaller there's more money given for programs to serve the community as well. Was this review helpful? It was a teaching job and a typical working day was spending a lot of time interacting with students and parents, advising them on post-secondary academic programs that best suited individual skills, high school grades, and future career goals. Was this review helpful? Great place to work and wonderful people. Flexible working hours and always given free time for lunch. Paid well and had children and caring managers. He always gave me time to put school before work. Was this review helpful? Good place to understand behavior issues. He taught different levels of classes. Support collaborators. Resources are frightening. No opportunities for advancement. Was this review helpful? Horizon High School has a good learning for all of us. We learn special education courses every day in our regular classes. We learn to work with all the students, but the most challenging are behavioral students, but I like what I do. I make a positive difference in students' lives. I don't see any cons, everything is a learning process. This review was helpful?very relaxed atmosphere.administrators were behind you 100%contributors for the most part were very respected. Respected. that I needed to teach ESL the following year.best part: students/faculty/staffThis review helpful? Available?
