Grand Theft Auto 5 is one of the best-selling games of all time, with over 100 million copies sold. It's easy to see why, too. The signature Rockstar sandbox franchise has always attracted large crowds, and its latest iteration - which is hard to say given that the GTA 5 released seven years ago - is no different. The sandbox has never looked so good and has never been so open. THE GTA 5 may be bigger and worse than its predecessors, but Rockstar hasn't lost the key aspects that make the series fun. Among them are cheat codes. Cheat codes have been the backbone of the Grand Theft Auto series for years. From spawning multiple vehicles to loading your gun with flaming bullets, cheat codes turn Grand Theft Auto 5 into a god of games where you can control the sandbox settings you play in. Too). Further reading How to use GTA 5 cheat codes There are several ways to enter the cheat code in GTA 5. The first and easiest is to use your mobile phone. You can open your mobile phone by clicking on the D-pad. From there, enter the appropriate number, and the cheat will shoot. You can also type cheats classically by following a specific combination of buttons. The combinations are the same between PS3, PS4, Xbox 360 and Xbox One, but we've split Xbox and PlayStation just to accommodate their different buttons. No matter how you enter the cheat, any trophies or achievements that you would earn in the game are disabled while any cheats are active. The codes also reset as soon as you close the game. If you want to type cheats with a string of buttons, try commanding as quickly as possible. In addition, any directed commands are directed to D-pad, not analog sticks. Each GTA 5 cheat code We have each GTA 5 cheat code listed below, with input commands for Sony and Microsoft, as well as stand cell phone input. Next to the mobile phone code, we noted the PC team. If you're playing GTA 5 on your PC, you can type cheats by clicking on the tilde key - I'm on a U.S. keyboard layout - and typing the correct word in all the letters. Simply crossing the middle streets of the city or even wild desert areas, where there are police shootings and cannibalistic mountain dwellers, proves that the open world of Grand Theft Auto 5 is away from the worldly leagues. Two of the main components that breathe life into GTA 5 are Stranger and Freaks spin-off missions, along with special random events. Below are the most useful encounters as well as some of the most effective methods for multiplying these not-so-hard-earned dollars into chaos-ridden open-world GTA 5. Stock Market Killing Missions Although the in-game stock market may seem pretty extensive, it's not too hard to play like a violin. Leicester stock market killing missions are simultaneously the best and most tedious way to billions in Grand Theft Auto 5. To progress in this There will be no choice but to take part in the Murder Hotel, but not to continue on until completing major missions and accumulating a significant amount of cash in all three characters. The guide below breaks down each mission by which stocks to invest before and after the kill, including a specific exchange and the best percentage of profits. Swing back and forth through a trio of characters before and after each Leicester mission, using every penny to scoop up as many shares as possible before dumping them later exponentially more profit. To speed up the process, just advance the time by saving the game, like either Michael for six hours, Franklin for eight hours, or Trevor for 12 hours, but make sure not to miss the rush. Hotel Murder Invest Up: Betta Pharmaceuticals (BET) Selling at: 50% Profit from BAWSA Invest After: Bilkington Research (BIL) Selling at: 80%-200% Profit on LCN Multi-Target Murder Invest Up: Debonaire (DEB) Selling at: 60-0 90% Profit From LCN Invest After: Redwood Cigarettes (RWC) Selling by phone: 300%-400% Profit from LCN Vice Murder Invest Before: Fruit Computers (FRT) Selling at : 30%-50% Profit from LCN Invest After : Facade (FAC) Sale on: 100% Profit from BAWSA Bus Killing Invest After: Vapid (VAP) Sale on: 100% Return on BAWSA Building Murder Invest Before: Gold Coast (GCD) Sale on: 80% profit on LCN Urging players to prevent killing missions only after complete the full narrative can be a lot to ask, but the total amount that can be gained can be strengthened even more. Aim anywhere between 70% and 80% to complete the game, tackle street racing and various robberies before attempting Leicester's mission. The more cash a player has at the beginning of a murder will result in a helter and more cultivated fortune. Collectible Missions After acquiring a complete set of any of the various Grand Theft Auto 5 collectibles, the secret mission is unlocked. Omega, pictured above, presents Franklin with a sweet dune buggy made in the guise of a sci-fi rocket ship. Michael, on the other hand, gets no more than \$10 and the photo is abandoned by Abigail Mathers after collecting all the underwater parts. An investment banker found this afternoon on the beach side of the road between Chumash and Pacific Bluffs, a man named Timm Michael tasked with delivering it to Los Santos International Airport in less than two minutes. If the player succeeds, the investment banker will reward Michael with a tip for the shares. Buy Tinkle (TNK) shares immediately on BAWSA with all three symbols and save time by promoting time to 30% of profits. Braddock Farm Invasion Like Trevor, the player can raid the pot farm located securely in a small corner under Mount Chiliad, north of Grapeseed. Run and guarded by a Salvadoran gang, Marabunta Grande, not only heavily fortified, but protected by rocks on all sides. With only one way in and out, the player must be quick when deciding to attack or walk away peacefully. Although, \$44,000 (or more) for killing multiple guards and looting a gang hideaway is hard to know. Buried Among the dirt tracks in the northern part of Paeto Bay, players can stumble upon a chance encounter involving two shady individuals trying to bury a young woman alive. Saving her life and then whisking her home in Vinewood Hills will net a player easily \$60,000 most likely paid by her mafia boss's father, Sonny, due to one of THE GTA: Vice City's late antagonist game. Kifflem! Epsilon remains one of the most important myths in the entire series, spawning Reddit theories and various conspiracies since grand theft auto: San Andreas. In GTA 5, the religious group is a thinly veiled parody of Scientology under the guidance of the charismatic Cris Forname. Michael can nab a hefty amount of cash after completing the epsilon side mission program, which is initiated only after the end of the mission history. Father and Son, and taking an assessment on the Epsilon program's website. The player will not only have to complete a series of laborious quests, but will also have to donate a total of \$15,500 to the cult, with an additional \$50,000 in the climax of the mission set. Some of Epsilon's tasks include completing a carjacking list, walking 5 miles in the desert, and using a space alien metal detector to uncover the boot. Epsilon missions require enough patience, given the extreme durability between future tasks, but it's worth the wait. The final mission brings Michael and Chris Forname face to face, with the player's latest challenge to deliver a car loaded with epsilon funds to pickup points. There are two options in place: to take enlightenment by getting out of the car or exfoliating with \$2.1 million. The latest capping off the entire Grand Theft Auto V experience is not easy, but Rockstar still delivers in style. After reaching 100% completion of the game, the latest Strangers and Freaks mission is only available on the map for Franklin. Crossing the hills in Raton Canyon, the player came across a sawatch hunter who asks for help in the hunt for the alleged last of its kind - the Beast. Without spoiling the ending, the latter is as strange as it is superb, taking a subtle hit in one of the game's most mythical creatures, exploring the past of San Andreas in a thrilling and breezy way. Unlike previous Grand Theft Auto titles, however, getting 100% completion of the game does not give much of the reward other than the last secret mission and spawning unsaved UFOs throughout Los Santos. However, this is just a tiny moment in a game loaded with an impervious that you just don't miss. However, you will still find an abundance of surprises to keep you absorbed throughout the journey. Now is the perfect time for beginners to try the dodgiest and most exciting ways to experience the bullet-crazy, sun-faded land of Lost Santos as you can get Grand Theft Auto V at the Epic Games Store for free. We don't know anyone who wouldn't want to try a strange world that combines classic Grand Theft Auto debauchery with hilarious oddities like Hunter Sasquatch.
