RubRuub \ (•••) / Geometry Dash SubZero is a 2D arcade platformer where players have to try to overcome levels filled with obstacles, while jumping into the rhythm of the music of artists MDK, Bossfight and Boom Kitty. The gameplay is practically identical to the previous games in the saga. That is, you need to tap on the screen at just the right moment to jump. Poorly timed jumps or slow reaction speeds send you back to the beginning of the level. Geometry Dash SubZero has three different levels at your disposal, all of which are unlocked from the start. It may not sound like much, but thanks to the incredibly high degree of difficulty in the game, they take a long, long time to get through. Geometry Dash SubZero is a hectic arcade platformer with all the same strong points from previous games in the series: controls well adapted to touchscreen devices, a great dubstep soundtrack and very attractive graphics. The top 10 rhythm games in Android Music make up one of the most enjoyed genres on touchscreen devices. And there's a good reason for that - gameplay is just right for the job. Tapping a note at the right time has become an art form that we see reflected in rhythm games. We want to pay tribute to this type of games that have been around since the 70s with a selection of the best rhythm games on Android. Learn more to find a list of games that are all in different styles and are also available for free. Read more One of the fiercest and fiercest mobile platform games, we must point out those that are part of the Geometry Dash series. With constant speed, catchy music and a control system based on tapping the screen to avoid obstacles and enemies, the latter is one of the most complex but addictive challenges in this genre. Fortunately, the game studio behind the development, RobTop Games, hasn't kicked back and to the coast, and continues to expand the saga with new titles. The latest is the Geometry Dash SubZero, which brings us back the famous formula used in the titles of this series. The same old stuff we love If you download apk, you'll find exactly what you're looking for: the same game as in previous development tests as Geometry Dash 2.0 and 2.1.1. In other words, tap the screen to make your character jump over obstacles. These are the main features of the game: a platformer game played to the music. Music composed by MDK, Bossfight and Boom Kitty. Unique SubZero elements to personalize our character. A training space that allows us to improve our level. More obstacles, more music, more speed. Just like the others. like Geometry Dash World, it comes with a lite version that you can download for free. However, you can get the full version from inside the game using the store and making an in-app purchase that gives access to all available functions and levels. As for the expected version of Geometry Dash for PC, it seems that we are content to download the APK to our computer and run it with an Android emulator. Emulator.
