Injustice 2 is a DC-based combat video game developed by NetherRealm Studios and published by Warner Bros, where you can experience futuristic battles with customizable DC superheroes and villains. Gameplay in Injustice 2, players compete in a one-on-one fight using characters from DC AND other third-party franchises. The game allows players to perform basic attacks, special moves and combos to try to hurt and knock out their opponent. The interaction of the environment, the stage transitions, the collisions and character traits of the game are similar to Injustice: Gods among us. The gameplay is pretty simple. There are features such as Super Meter that allows players to perform advanced special moves or an evasive forward roll that provides a way to overcome enemy stay away tactics, or air recovery that allows characters to avoid an opponent's combo early, etc. this game also introduces a loot-drop system known as the Gear System, which offers character-specific costume pieces and equipment with status-changing effects. Players can receive additional bonuses by equipping their characters with all five parts of one set of gears. The equipment comes in three varieties: equipment, shaders, and abilities. The plot of The Injustice 2 begins after Superman of justice defeated Superman' One Earth Supreme Court nominee Superman. Since then, Batman and his rebels have been working to get together with the world. But the task is not easy, since there are still remnants of the regime as well, they have to fight a new group of villains called Society, and the arrival of Brainiac. Injustice 2 is the superhero black dragon version on the mobile phone for fans of DC Commic, perhaps no one knows about the injustices of the series orbiting the superhero world of DC. The author of this series is NetherRealm Studios - the father of the legendary Black Dragon Mortal Kombat. After the release of Injustice: Gods Among Us four years ago and great success, Warner Bros. announced the release of the second version, Injustice 2, which many gamers are looking forward to. It wasn't until March last year that Injustice 2 opened on the iOS platform and was limited to the Philippine App Store, while Android users were only pre-registered and kept waiting. However, Android gamers now don't have to wait for another point because Injustice 2 has officially opened to allow free download and experience. Injustice 2 for Android still has the presence of many famous superhero faces in DC comics such as Batman, Superman, Lightning, Lex Luthor, Wonder Woman... Therefore, since its launch, the game has gained an extremely large fan base, however, the number of downloads quickly increased every day. The game features many iconic superheroes in the DC World storyline that followed the previous version of Injustice 2, continuing the story in Injustice: Gods Among Us. Meanwhile, Batman and his army have just defeated the Dictatorship of Superman. The Dark Knight relentlessly seeks to engage a society that is divided while at the same time struggling with the remnants that accept the dream of restoring Superman's regime. Against this chaotic backdrop, a new threat emerged, putting the land at risk of destruction. This is the strength of the Society. In order to show new forces, society expands to the world and destroy anyone who dares to fight them. Without any other way, Batman continues to prepare for a war somewhat fierce, more intense than the previous one.
