See the changes below in each version: Multiple corrections and updates to RELATED PROGRAMS Our recommendations This site requires JavaScript to fully function. How to Turn on JavaScript Flag Waver is a website that allows users to upload any image and watch it wave in the wind like an animated flag. It also allows you to turn off the wind and change the orientation of the flags on the flag pole. via Boing Boing Follow Laughing Squid: Facebook Twitter: Google USK News: All agesWave your flag while watching football matches on your Philips TV! Let there be light: Your team. Your colors. Your flag. Now you can cheer your team to victory in the glorious Ambilight. With The Wave your flag app you can choose your country national flag or national color to surround your TV in the colors that matter most to you. Versus mode places the national colors of the teams that play - in the bright colors Ambilight the whole family can follow - on the side of the field they play. The app is fully interactive too! From goals to penalties, you decide who gets flashing red or yellow cards and when it's time Celebrating fireworks or bring your friends to the stadium waves. You can even create your own custom ambilight halo using the image you import. And for those who have a need to be heard, heard, The mode adjusts the intensity and speed of light whenever the amiable sound in the room is amplified, so you can literally see the impact as you cheer your command to victory.model supported:- Europe/Russia: Philips Ambilight Android/Smart TV 2017 model or new-Europe/Russia: Philips Ambilight Android 2016 Model- Europe/Russia: Philips Ambilight Android 2015 Model (9600, 9600, 8901 and 8601 only) - Brazil /Argentina/Asia Pacific/Middle East: Philips Ambilight Android/Smart TV 2018 model or newerVersion 1.4.41 Based on all the feedback we received we increased functionality and made improvements to the wave of your flag app. Thank you for your feedback. Please update the TV to the latest software. 1.4.41 version of the Ambilight TV app contains the following updates: - Updated flags for countries that qualified for the 2018 World Cup- Improved Ambilight Effects; Performance updates A few bug fixes; Bagfixes; flag waver apk download. online flag waver apk download
