Editor's Note: This is a review of the Foxit PhantomPDF trial of Standard 6.2.1.618. show reviews Foxit Phantom et uma ferramenta til que voc pode usar para editar arquivos pdf quase da mesma forma que vocque faria usando acrobat, j'que eles cont'meitas dasmas fun'es. De Fato, o programa et'o semelhante ao acrobat que eles at'tm mesma estrutura par menu, barras de ferramentas e acones, com exce'o de que foxit phantom et muito mais simple e mais leve. Usar esta ferrament te de d'Acesso todas as fun'es b'asicas que vocque pode esperar de um programa desse tipo. Vocze pode adicionar notas e coment'rios, retocar ou mover textos, anexar arquivos multim'dia e criptografar o documento, s' para dar alguns exemplos. Uma Fatima forma de editar PDFs, j que vocque pode modificar livremente cada aspecto para obter resultados - ferramenta perfect para manage your PDF files. A редактор электронной reader де PDF files with tools para uso professional/who knows the Foxit PDF Reader knows that he he the most famous readers of this type of file. From the same developer, Foxit PhantomPDF Business is a professional use tool that brings more opportunities to create documents, edit and read in this format. Co-editing Is a collaborative program that can be used in conjunction with others, through synchronization with Evernote and SharePoint. That is, you can edit a general document, and this modification appears instantly for your employees. In addition to instant editing, another exchange tool that this program offers is the ability to send newly edited files via email to a participant who does not use Evernote or SharePoint. These tools facilitate group work and are very important, for example, for someone else to make adjustments and return the material to be accurate. PDF reader and editorFoxit PhantomPDF Business is a complete set of tools for processing files in PDF format, being possible to read, edit, create and share this type of document quickly. An interesting feature of its is the ability to organize all your documents in your own library, making access faster. In the field of authoring, it allows you to use a scanner to scan images and text documents, turning them into PDF files. Texts that are scanned using this tool pass through the converter and can be edited, shouted and read like a normal digital file. The program even allows you to add links, videos, and images as annotation of files in any position of the document. You can also view multiple PDFs at the same time in a system similar to your Internet browser tabs. Foxit Reader also has a practical automatic corrector for annotation that alerts the user to any spelling or grammatical problem. Thus, the comments got a cleaner face and avoid adding the wrong words that impair reading. The app can also fill out XFA forms, further expanding the large number of formats that are compatible with the program. Among the features that stand out is JavaScript support, multilingualism, system update, quick printing among other options.
