The Citronix printer is designed to perform some of the most complex marking tasks. The printer can be used in many industries, such as food, beverages, extrusion, cables, cosmetics, pharmaceuticals and medical products, as well as electrical components, auto parts, construction and other industrial sectors. The ci5000 series focuses on optimizing work and reliability, which increases the printer's running time. ci5000 printers have a graphical user interface behind hardened glass. This makes it simple and easy for printers to operate. Printers come in 2 filters (ink and air filter) that can be replaced within 30 seconds. This means that technical tasks can be eliminated. Citronix ci5000 is available in 3 sizes:ci5200 with 16 dotsci5300 with 25 dotsci5500 with 31 point Special versions can be delivered for strong pigment (e.g. white), micro (up to 0.6 mm), additional high speed up to 10.6 m/s, and IP65 for additional demanding production environments 30-month product warranty, which is the best on-market Service intervals of up to 18 months (depending on the environment and type of ink) reduce downtime with Citronix ci5000 you can print fixed, variable and combined text fields, real-time and date formats, 1D and 2D barcodes, as well as graphical barcodes. Our color ink range includes black, red, blue, green, yellow and UV readable, as well as special types of ink with acetone and ethanol, as well as FDA-approved red and blue ink print on Food Product Product Video Video Download Sheet High Performance Printer Advanced High Performance Printer with all ci5300 plus advanced connectivity features such as ciLink and print capability 5 Common Goals of General Purpose Ethanol BlackGeneral Target acetone BlackGeneral Target MEK BlackGeneral Target MEK RedGeneral Target MEK BlueSpecialty Ink Alcohol Sustainable BlackCaustic Washable GreenPlastic Plastic Plastic Plasticc Acetate BlackAcetone/Ethanol BlackDirect Food Contact (DFC) RedDirect Food Contact (DFC) Expenditure Alarm BeaconsPhotocellsShaft EncodersPositive Air KitBench and Floor MountingsPrinthead Wash StationPrintHead BracketsBuild Configurations Right Corner Printers and Conduit ConnectionsMultiple Conduit Lengths (9ft, 15ft and 20ft) Anaconda Conduit (Smooth Surface) This website or its third-party cookie tools, that are necessary for its functioning and are necessary to achieve the goals illustrated in the policy of cookies.
