Play the app and start streaming. Movie HD installation guide for more devices for Amazon Fire Stick and Fire TV Follow below steps to run Movie HD app on Amazon Fire Stick and Fire TV. The trick previously shared in this post was long and difficult, so I've updated it in a small and efficient way. Installing Movie HD for Fire Stick/Fire TV with Android Phone- Step 1: ADB debugging and installation of apps from unknown sources in your Fire TV stick. Power up your Fire TV and Fire TV stick and navigate your way to Settings > Device. Set options for ADB debugging and apps to on from unknown sources. Now navigate your way to the device > > about the network. You will see the IP address of your fire stick listed in the right hand column. Pen it down; We will use it later. STEP 2: Install apps to fire on your Android phone Download apps2Fire app and install it on your Android smartphone. Download Movie HD APK from the link above and install it on your Android smartphone. Play Apps2Fire and navigate your way to the Settings tab, keep the IP address of your Amazon Fire TV stick or Fire TV. Swipe into local apps and choose Movie HD and click Install. Once the app upload is over, you will see the notification, which says that Movie HD will be installed on your Fire TV or Fire TV stick. Installing Movie HD to Fire TV/Fire TV with PC (Windows, Linux and Mac) - In this method, we will use ADB tools to install Movie HD on Amazon Fire TV and Fire TV Stick. Requirements: Your computer and Fire TV stick must be connected to the same network. Download Movie HD Apk into your computer (download the link above). Computer with active installation of ADB tool install (download link below). Download the ADB tool for the platform you are using. Windows, Linux, MacIntosh Now when we have ADB tools installed, we go ahead Can start the installation process of HD. Launch Command Promote in Windows (press Win + R then type CMD in run box and hit or terminals on Mac and Linux. Now we need to change the root directory to the location where ADB tools are installed, do this by typing CDs [path to platform-tools folder]. Now type ADB Connect [IP Address], Mac and Linux users have to be added before the command. / Before. If you don't remember the IP address of your Fire TV and Fire TV Stick, navigate your way about device > > network. You will see the IP address of your fire stick listed in the right hand column. For me, it will be ADB Connect 192.168.0.39. For Mac and Linux users./adb Connect 192.168.0.39. Finally, to install Movie HD, enter this last order, and you will successfully install this app on your Fire TV or Fire TV stick. ADB Installs [Movie HD.apk To Path]. Watching Movie HD for Chrome cast, movies and TV shows will add extra entertainment for users in the Chrome cast, but the Chrome cast does not support the installation of apps in it. We will stream movie HD movies in chrome cast with the help of an app. So here's how to do it-download and install aircast or localcast. Download the movie you want to stream to Chromecast. Open Aircast or local cast whatever you download and select the movie, then streaming will begin. Movie HD for BlackBerry Yes, Movie HD is available for BlackBerry devices.
