Download Guests can't request updates! Deemo is a mobile game developed for Android platforms. It combines musical and fantasy with all the attendant elements. A lonely character living in a secluded castle and slowly dying without friends and communication. All he can do is play the piano. And only thanks to extraordinary music a person has not gone mad. But one day in his life comes a strange girl. She came out of nowhere and couldn't remember what it was. The new friend loves to listen to music, and she quickly brings together two heroes. To help her reconstruct the events of the past, you need to perform as many songs as possible. But first you need to find them in a huge castle. What happens next? At the twists of fate, when will the girl find her memory? This you know if you start an exciting game all on your device. It is not difficult to understand the essence and study all the nuances of management. Developers care about the simplicity of perception, so entertainment will give a real pleasure. This game combines a fantastic world and a musical that is an interesting tandem. The product is designed for mobile devices on the Android platform. In the center of the plot is a lonely hero who lives in a secluded palace. He didn't have any friends, so did communication. So it slowly disappears and gets bored. All he has to do is play the piano. Only thanks to such music the hero still remains in his mind. Game Deemo tells about how in the life of the character suddenly appeared an unusual girl. She came out of nowhere and doesn't remember what happened to her. The girl loves to listen to music that quickly unites the characters. The user's task will be to play as many songs as possible. This will help the girl to restore the events that occurred in the past. But it will require finding this music in a big castle. The game has a pretty good design that will appeal to many users. Features: different compositions; interesting plot; beautiful picture. This game is sure to appeal to fans of music and this genre. The product will help to spend time and get a pleasant experience, in general, you will not be bored. Screenshots Are you an anime fan? Also interested in the rhythm-based mobile games?
