Also, you'll be constantly tailing a creepy grandma who just wants to give you a good smack in your head and leave you unconscious on the floor. Try to stay as quiet as possible, as she still has very good ears despite her old age. Not to mention that it can quickly get to you the moment it hears the sound, so make sure you always stay careful in the game. However, with plenty of interactive objects in the game that can potentially generate a certain amount of noise, you will definitely find it quite difficult to keep quiet throughout the gameplay. That being said, it is assumed that you will find yourself a good place to hide before the creepy grandma gets to you. Feel free to hide in several places that include a wardrobe, elevator, box and more. Stay in stealth mode if you don't want to be caught. In addition, for those interested, Grandma also offers 4 different levels of difficulty in playing with Easy, Medium, Hard, and Extreme Challenges. With each mode, the level of difficulty will slowly increase with more and more complex elements in the game. For example, if you choose a simple mode, you will find grandma moves quite slowly and random noises are also much smaller. On the other hand, for those who go to extreme mode, every second in the game will be an absolute test for your mentality. That being said, not only is it that you have to avoid discovering it, you also have to create certain diversions before you go on your mission. Otherwise, it can quickly come at you because of its extreme hearing and fast speed. Once she's there, you won't have a chance to escape. And despite the presence of all these Features, the game is still free for all Android gamers to enjoy on their mobile devices.
