The Boathouse Annex in Forest Park was originally built as a boat storage facility. The building has been renovated and tastefully decorated in the motif of a fishing lodge. The large spacious interior is decorated with antiques, a large deer head and a Vermont bellied pot stove, making it an ideal venue for fun and relaxing events, such as bridal showers. Boathouse Annex overlooks Post Dispatch Lake and is located in a separate building adjacent to the Boathouse restaurant. It doesn't have air conditioning. It has indeed forced the heating of air gas and gas fireplaces to be used in the winter months.
