Download Guests can't request updates! Call of Duty: Mobile - epic action from the first person now on mobile devices. This project will allow players to take part in cool multiplayer battles on familiar maps, in the hands of cameos of popular weapons in the series and once again to be in the company of such wonderful characters as Captain Price, Soap or Ghost. All multiplayer battles are divided into several modes, each of which will find its fans. All season with stunning graphics that will compete with consoles, and excellent voiceover with the soundtrack. Activision Publishing, Inc. Android 4.3 Version: 1.0.17 \$0 Call of Duty: Mobile - Mobile is a mobile version of the famous CoD series of games! As in the computer version, you need to arm yourself, and defeat opponents, and survive as long as possible. The game has many levels and modes, the game has completely endured all the benefits of the PC version. Updated to 1.0.17! Location of the OBB installation - /sdcard/Android/obb/com.activision.callofduty.shooter/How to install APK OBB? Additional information requires Android4.0 and up developerActivision Publishing Choice Call of Duty: Mobile APK is a real action shooting game with a huge scene map, a wonderful gameplay story, a familiar character hero where you'll be teamed up with friends to fight the fight. COD Mobile APK - Epic action from 1st person now on mobile devices. Call of Duty Mobile APK is one of the most classic games in the world. If you're a real gamer, you can't miss such a great action game. Highlights Of this article will give you a review and some comments on COD mobile: features, gameplay, effects, graphics, etc. Let's check out what the game contains. The high quality experience it offers HD graphics in-game, flexible controls, and lets you customize in fits your needs. Lively 3D sound and voice chat. Pure text chat. This high quality will make you completely excited and impressed when the first comes into play. You can see and experience many things in the action game. Modes:the modeThis zombie mode is the most anticipated in Call of Duty Mobile APK as it does not appear in beta. There are huge waves of zombies approaching your base, meanwhile, you have to look for knowledge and Easter eggs to figure out the plot in this mode. However, there is no survival mode here. Instead, you have certain missions and will face the final boss at the end of the story. The maps will be revealed in progress as soon as you complete your missions. A variety of weapons and items are also available to make you happy. Battle Royale modeBattle Royale mode is a big hit from Activision as they did it perfectly. It still has common features of the Battle of the Royale like Free Fire APK or pubg mobile, but contains some unique differences: differences: maps and roles. There are four vehicles: ATV (two-person bike), light helicopter, SUV, and tactical raft. The maps are a huge combination of the old version of COD and new content, which makes the players interesting. Roles are the most unique moment here as you will play different positions in the game: defender, mechanic, scout, clown, medic, or ninja. Each role has certain abilities, skills and objects that they must complete. This feature is also one of my favorites. Multi-players This mode brings you a big battle, so you can compete with others for rows and levels. Millions of players in the world will compete with each other and fight for the high class. There are seven game modes in Call of Duty mobile apk and this will make you interested. In the front line, your team must kill a certain number of enemies and reach the target number first to win the match. This kill target is set before the game starts. Gameplay and Graphics:Game mapsCall of Duty Mobile has some of the famous maps from COD: Black Ops and Modern Warfare series like: CrossFire, NukeTown, Kill House, Crash, Hijacked.Loadouts in GameGame offers a variety of loads, weapons and items for you to choose and customize. However, you have to play Call of Duty Mobile apk and have the experience to unlock hidden items. Download and install COD MOBILE APKAre you ready for game of the year? Let's install Call of Duty mobile apk and share our thoughts right now! Download the link below this article. Have fun! The tone of the nung moi it's the end of the world and you're invited!
