Twenty years ago, White Wolf published the magazine Changeling: The Dreaming, the fifth of the five game lines promised by him, which together consisted of the World of Darkness. Seen by some as an easier, more fantasy-based setting in the modern world, while others, as the dark game White Wolf still created, players had to face the question of what happens once creativity and magic disappears from their world. This is the 20th anniversary edition of Changeling: Dreaming returns to this deceptively vivid but terrifying world, and how compiles and completes the concepts of the previous two editions. Led by veteran White Wolf and Onyx Way developer Blackhat Matt McFarland, our writing team consists of longtime Changeling creators like Ian Lemke, Jackie Cassada, Nicky Rea, and Peter Woodworth, as well as familiar names such as Holden Shearer, John Snead, Maggie Carroll, Matthew Dawkins, and Christer Michle. One and all are dedicated to making Changeling: Dreaming twentieth anniversary edition the most in-game edition yet - without losing the miracle, awe and grandeur that Changeling is known for. FEATURING: A revised and up-to-date look at the world of darkness through the eyes of Kithain - what has happened to dreams in the last 20 years, and what is the state of glamour and dreams? Rules for all kiths including in the 2nd ed, as well as fan favorites from other books: selkies, piskies, clurichaun, and both Arcadian and Concordian sidhe. Rules for Gallain: inanimae, sien, Nunnehi, and others! A revised and reimagined system of fairy magic, including new art and a powerful but dangerous practice of unleashing! New full-color beautiful works of art as well as classic Changeling illustrations, including remastering full-page snippets of kiths by Tony Diterlizzi. Currently the book is still being written and developed, so we are not at the stage where we can put up ready-made text, but we will provide links to sections in progress in updates throughout this Kickstarter. The C20 manuscript is printed for verification. This is Deluxe Changeling: Dreaming 20th Anniversary Edition Kickstarter Designed, to allow us to create a luxurious hardcover edition that stands proudly on its own, like an amazing volume, or together on a shelf with matching vampire volumes: Masquerade, Werewolf: Apocalypse, Magician: Ascension, and Wraith: Oblivion of the 20th Anniversary Editions. This Deluxe Change 20th is planned as a black leatherette hardcover with a disc on the spine with a C20 image featuring a With 300 full color, gold edges, inner pages, and gold silk ribbon bookmarks. The embossed in the front cover will be the iconic moon moth Changeling symbol. Change 20th finishes the first phase of the project writing process under the experienced eye of Blackhat Matt McFarland and we are launching this Kickstarter Deluxe Edition now, at this stage, to ensure that our defenders have the ability to have a word in the form of a package we deliver. From comments, rewards, and stretch goals, we will work with support to include your thoughts, names and likeness. It's pretty simple. Make any amount you want, keeping in mind the deposit levels and their commensurate rewards there on the right. If we hit our goal of \$50K, you will get a reward that goes with your deposit level. PDF files and print on-demand versions will be available primarily in the form of a coupon from our online sales partner, DriveThruRPG. Also, because this C20 Kickstarter extends through the holiday season and we know a lot of supporters like Pledge for Awards as Gifts, we have created a special Changeling 20th Gift Card, so you can download and print it for the happy person you donate! Hi Res print version: 20Holiday%20Card%20Hi%20Res.jpg Screen Resolution version: http://www.white-wolf.com/20Holiday%20Card%20Screen.jpg If you promise an electronic C20 reward, we'll send you links, and you can send them to your special person. If you commit to a physical C20 reward as a deluxe book, we will send this book depending on the address you include as a shipping address when you complete the Backer Survey. Deluxe Changeling 20th Anniversary Edition will take several months from the closing date for printing and submission. PDF Awards and Supplements won't take as long as Deluxe, but will come after the survey returns at least two months after that KS closes. We will contact the participants in the upper tiers with details of their awards. You can add the pdf files listed below to any Reward Tier promise that already includes changing the 20th PDF by clicking on your remuneration level on the right, and then when you get to the collateral page that confirms your collateral amount by manually changing the amount of your collateral from the base amount of the reward, that reward amount plus the amount of each supplement that you want, as those listed below: \$10 for three classic Immortal Eye Supplements and Immortal Eyes Fiction trilogy PDFs. Pour L'amour Et Liberte, Book of Lost Houses) PDF. \$30 for the extra 20-year-old PDF. : Shining Host add-ons PDF files. \$160 for the entire classic Changeling: Dreaming line of PDF files. Every Ctd PDF is available through DriveThruRPG! More importantly, the above classic PDF files were created using the best possible methods, depending on the available files that stretched 20 years ago. Thus, the image quality of the PDF files of old books in particular may not be as good as the PDF files for new books. You can also Physical Copies of Deluxe Changeling: Dreaming 20th Anniversary Edition Book on Any Promise That Already Is Delivering a Physical Book By Hand Adding Appropriate Amount on the Bail Page: \$105 for Deluxe Changeling 20 (U.S./Canada) \$135 for Deluxe Change 20 (Deluxe Changeling 20 (non-US/Canada) You can add on the screen Changeling 20th Storyteller's to any reward level which offers a physical book: \$15 for the screen of the 20th narrator, a sturdy three-way screen with a beautiful collage of changing 20th art on the outside, and inside there is a selection of diagrams and other information to make the narrator's work a little easier. Calculated by adding a basic amount of rewards and add-ons that you want. that require backers to perform certain acts such as take selfies and link to a photo, or like our Onyx Way Facebook page. Achievements do not affect the purpose of stretching and do not affect the success or delivery of this Kickstarter; They are offered as a bonus way to have fun by participating and completely optional. Selfies will not be shared by us outside of the Deluxe C20 Kickstarter context (any message within these achievements is considered to be used for ByOnyx Path advertising purposes). We will count the achievement once a day, every day of this Kickstarter campaign. We will only be counting links for selfies here on the Deluxe C20 KS general comments area (not on any updates comments as those get too scattered to keep track). When a certain number of achievements are fulfilled, you'll unlock one of the three additional awards here at the top: We'll track the four following achievements here on our Onyx Way Facebook page, and our Onyx Way Twitter account: For these following achievements we'll need to post links to the photos in the general comments section of this Kickstarter. These are cumulative totals, so don't think you should get all the photos of yourself: You can celebrate the use of white roses and dark roses on the above Achievements. They count both Seelie and Unseelie points accordingly, and come into play as noted below. The three Achievements below are not predetermined as Seelie or Unseelie, and you will have to tell us from your posts whichever side, if any, you want to be considered. Which court has the most once Achievement hit will get credit for it. Below are two Achievement tracks for Seelie and Unseelie, which will also be counted to the basic Achievement Reward totals, so any achievements achieved really count in times to earn these rewards! The achievements are designed as something extra to have fun with, so please please them that way. We want to see your selfies and your love for Changeling: Dreaming! It's your time to shine! If we have contributions outside our target number, we have planned many additional rewards for participants. Our range of possible Stretch Goal awards includes additional material in Changeling the 20th self, possibly Ultra Deluxe Edition, fiction anthology, new Changeling: Dreaming Bones, and more. On the \$60,000 contributions as soon as Deluxe Changeling: Dreaming 20th Anniversary Edition KS is over, we're going to offer an exclusive KS Changeling 20th shirt on our RedBubble store for sale at the deepest discount they'll let us do it for a limited time, after which we'll change the design and we'll tell you people about it first so you can order one if you want to. According to our estimates, you will receive about \$10 discount. On a \$90,000 contribution, we will create a 20th Anniversary Change short pdf/ePub anthology story that will be sent to all those who have promised for a level reward that includes changing the 20th PDF. With contributions of \$110,000, we'll add a word section for 10,000 pounds to the Changeling 20th Anniversary Edition, describing how to create their own Kith. At \$160,000 in contributions, each advocate who has promised to receive a reward fee containing a physical copy of the 20th anniversary edition of Deluxe Changeling will receive a copy of the PDF Guide to Freeholds, a new @20K word c20. At \$175,000 in contributions, we'll add two more silk bookmarks to the Deluxe Changing 20th Anniversary Edition as the book is already growing with the addition of a stretch goal text and one bookmark just won't do the job. On the \$200,000 contributions, we'll do our research and add Kith from WoD: Francebook (well, MdT: France) books, and Kith from trolls, dreamers, and Deep Forest (Trolle, Treumer, tiefe Woolder) to change the 20th anniversary edition. So, more text and page count and art for more Kiths! This is our eighteenth Kickstarter, and we've learned enough (sometimes painfully) to do some tweaking for our goals, reward levels and prizes. One of these things is that we tend to get the same questions asked during each Kickstarter, but there is a limit on the amount of text that we can put on this KS page, so we're hosting frequently asked questions here: Twenty years ago, White Wolf published Changeling: Dreaming, the fifth of their promised five-line game lines. Seen by some as an easier, more fantasy-based setting in the modern world, while others, as the dark white wolf games have not yet been created, players have had to face the question of what as soon as creativity and magic disappear from their world.
