From the leader of feminist punk music at the dawn of the revolt era, a frank and deeply personal view of life in rock and roll. Before Carrie Brownstein starred in the wildly popular television comedy Portlandia, she was already an icon for young women for her role as a musician in the feminist punk band Sleater-Kinney. The band was a key part of the early riot-grrrl and indie rock scene in the Pacific Northwest, known for their huge guitar grinding and their left-wing lyrics against war, traditionalism and gender roles. Hunger Makes Me a Modern Girl is a deeply personal and revealing narrative about Brownstein's life in music, from an ardent fan to a groundbreaking female guitarist as a comedian and luminary in an independent rock world. Although Brownstein fought against the music industry's sexist double standards, by 2006 she was the only woman to earn a spot on Rolling Stone's 25 Most Underrated Guitarists of All Time readership. This book closely reflects what it feels like to be a young woman in a rock 'n' roll band, from her days at the dawn of the underground feminist punk-rock movement that would define music and pop culture in the 1990s to the present day.
