Official image of the website Legal Sea Foods: Shutterstock When it comes to dangerous animals, everyone knows the obvious ones like snakes and sharks, but there are many more creatures out there, some of which can do much more harm to us humans than those mentioned above. They can be found all over the world, many of them, in the depths of the ocean and in the shadow of the night. There are also those that can be found in plain sight and can jump on unsuspecting targets. Animals can be called mortals for several reasons, both because they are poisonous, poisonous, aggressive or unpredictable. Some of them act when they feel threatened while others kill for food. Some of the best-known animals include the Brazilian wandering spider, hippopotamus, crocodile, box jellyfish and African lion, while lesser-known creatures include the Tse Tse fly, poisonous dart frog, cone snail and poisonous stonefish. If you were given different images of these dangerous animals, I would be able to tell what kind of animal it is and what its name is? Well, this quiz is designed to test just that, take it to find out how well you know these dangerous creatures! CURIOSITY See if you can identify these common land and sea creatures! Copyright © 2020 InfoSpace Holdings, LLC, a System1 Company Image: Hillary Klacke/Moment/Getty Images As children, many of us spent our time pouring through books about nature and the ocean. We loved finding the strange and wonderful animals and marine life that share the planet with us. Maybe we dreamed of becoming marine biologists or zoologists, spending our time in nature or in the ocean, where we would interact with the creatures we loved. That's the way the kids are, right... and many adults as well. The love for nature, the oceans and all the creatures in them remain strong in many! And that's a good thing because the way we treat our planet means that our oceans and other natural habitats are constantly under threat. So today we're going to ask you to go back to that time when you were kids, discovering new animals and sea creatures for the first time. We've assembled a series of land animals and deep-sea residents to identify. And these aren't your giraffe or mill whale run. We're talking weird beasts here, the ones you might have only seen a few times before. You think you have what it takes to identify them? How much do you know about dinosaurs? What is an octane rating? And how do you use a proper noun? Luckily for you, HowStuffWorks Play is here to help. Image of G AdventuresThis we can't blame you if you want to experience everything Sri Lanka has to offer: the history, the beaches, the flavors, they are all equally tempting. On this 14-day tour, look for wildlife on a safari, visit the historic city of Galle, and taste exotic flavors on your own at a spice plantation. Then, head to the south coast (with whales and dolphins as fellow travelers) for some well-deserved time with snorkeling, surfing, and a barbecue on the beach. Day 1: Negombo Arrives in Time. Day 2: Negombo/Kandy Drive in Kandy, visiting a spice plantation along the way. Enjoy lunch at the G Adventures-supported Stree Craft Shop and Café. Later, explore Temple of the Tooth.Day 3: Kandy Kandy Kandy with a day off. Day 4: Kandy to ella area Travel by private vehicle to the historic city of Nuwara Eliya and enjoy some free time. Continue the journey to the gentle green valleys of the Ella area and spend 2 nights on the G Adventures-backed AMBA estate, an organic farm, and guest house. Day 5: Ella Zone In the morning, enjoy a tour through the tea plantation and discover one of the nation's most popular exports followed by a tea tasting. After enjoying free time to soak up the beautiful scenery, choose to hike ella rock or visit ella town by tuk tuk. Tonight, enjoy a culinary demonstration of classic Sri Lankan home-style dishes, a delicious blend of salty and sweet. Day 6: Ella/Udawalawe National Park leaves Amba Estate in the morning after enjoying a delicious homemade breakfast. Begin the journey to Udawalawe National Park and visit the elephant transit house before enjoying an afternoon wildlife safari through Udawalawe National Park. Next, head to a tented camp near the lake on the border of the National Park and relax with a barbecue dinner around the campfire. Day 7: Udawalawe/Unawatuna National Park After transferring for breakfast from Udawalawe to Galle for a tour of the fort and the city. Later, head to Unawatuna on the south coast. Day 8: Unawatuna/Mirissa Spend a relaxing morning in Unawatuna, before moving to Mirissa, where you'll meet your captain and crew. Day 9: Weligama Bay/Kudawella Cruise along the south coast to Kudawella, enjoying the scenery and visiting secluded beaches for swimming, standing paddle boards (SUPs), or kayaking. Keep your eyes peeled for dolphins and whales along the way. Day 10: Kudawella/Kalametiya Continue along the coast to Kalametiya and explore the lagoon. In the afternoon, choose to visit the village and shrine of Kalametiya or sunbathe on the beach. Day 11: Kalametiya/Talalla Beach Visit hirikatiya's small surf beach for a surf or swim, then continue on Sri Lanka's southern coast to Talalla Beach. Keep an eye out for marine life along the way. Day 12: Talalla Beach/Galle Watch whales and dolphins on your way to Rumassala, then spend the afternoon relaxing on Jungle Beach or hike to japan's Peace Pagoda with sweeping views of Galle Bay.Day 13: Galle/Weligama Bay Spend the morning exploring Galle and the Dutch fort, then return to Weligama Bay. Enjoy a barbecue on the beach with your group. Day 14: Mirissa Sail returns to the port of Mirissa and disembarks. The tour ends on arrival. Opt for transfer to Colombo airport. Famous for its beef wellington and pretty aged location in Aaron Burr's old carriage, this is probably New York's favorite restaurant. But it's even better as a quiet pool of water, perfect for an evening libation for those in need of a break from the troubled streets. Want more options from the Windows Start menu? Despite its name, Start Start 7 works with Windows 2000, 2003, XP, and Vista, not just Windows 7, and for advanced users it's a useful upgrade to one of them. It replaces the start menu with a new one that gives you faster access to files, programs, and folders. When you run the Start 7 menu, click start and the program appears. Displays a large, semi-transparent flyaway menu sorted by category and then within each category by subcategories. This way, you can quickly access the program, document, or resource you want. There's also more, including quick access to power management and the ability to resize the menu. The Start 7 menu won't be to everyone's taste. It is much more messy than the regular Start menu, and therefore those who prefer simple interfaces will not be satisfied. But if you're looking for an alternative to the Start menu, it's worth a try.--Preston Gralla Note: When you buy something after clicking on the links in our articles, we could earn a small commission.
