Life Life equipment can be found in training rooms for professional sports teams, university sports facilities and the best health clubs around the world. But you don't have to be an elite athlete to use Life Fitness products. Home clubs benefit from a combination of expert engineering, state-of-the-art technology, attention to design, and extreme durability that has made Life Fitness the No. 1 brand of fitness equipment in the world. For over 45 years we have built effective, inviting and reliable fitness equipment, cardiostran and endurance equipment that is built not only for elite athletes, but for trainers of all abilities and fitness levels. I use it in the morning before i workout to get my heart up, and afterwards for long distance training. Nice nice nice Remingtonsdady Oahu HI 2020-06-02 true Very happy with the purchase. The screen is sometimes difficult to distinguish, but it can only be a setting for customization. Very glad for my home fitness needs c123 Orlando 2020/05/15 true Great treadmill strength training with tilt options and various setting to increase the level. Supernom Green Valley AZ 2020/05/14 true I like the fact that like that i can use the treadmill with Virtual Runner, which allows me to run the race with videos of real race like Peachtree Road Race and video and slope changes to suit my pace and slope of the actual course. It's great to use this summer when it's hard to find a day that's less than 90 degrees, or in winter when it's too cold or dark. I highly recommend this treadmill. Jeff Augusta, GA 2020-05-09 true All great sensor. This is the third product i bought and am planning to buy another gift and we 1000 would allow much faster. You can dream! Thanks for the lightningfast thoughts. Be Good At Sara Silver Snaker Pa 2020-05-02 True For Everyday Use, Walking and Jogging, 50 Years Old Rick Vada Westlake, Tx 2020-04-15 True Got it for my dad, but i ended up using it a bunch too! Ash Ohio 2020-04-04 True Life Fitness produce a large treadmill, they don't, however, have a handle on customer support. It's a terrible experience. Ordered on Jan. 13, and not installed until March 4, and only after my intervention during the so-called white glove installation process, which definitely it is not, and i had to clean up the mess. I can recommend your product, but also advise you not to deal with them directly. Good through the retailer and you will have a better chance of success. Home user NB 2020-03-25 True This treadmill is easy to use and nice built. No Nickname Beaverton, OR 2019-09-21 true Be warned that you can't just get on the treadmill and go to the race. If you push the start, the run automatically expires after 30 minutes. Why imitate runners by stopping a free run after 30 minutes for no good reason? My job around is to run my usual 45 run in two parts, which is not what i expected for the amount i paid. Home Sports User NJ 2019-08-19 Fake 89.2 89.2
