They (Googlebot) mistakenly think that some of the files in our Trainers section are malicious content and have decided to randomly display warning messages when downloading files. Coaches are resident memory programs that change the behavior of the game. Your antivirus software can detect them as malware (viruses, worms, Trojans, bot, etc...). That's almost always fake. If you have any doubts check this page earlier: VIRUS ALERT? Heluo Studio and Fenghuang Games' Tale of Wuxia: The Pre-Sequel is a CRPG designed and designed for Chinese players. The historical role-playing game tries to re-tell some of the classic real-life events that are centered around Jianghu, while giving players funny and exciting new tasks to go on. Well, if the game has given you problems, there are some fraudsters available to help you. You can download the coach for free on Mr. Antifuna's page. The trainer contains six cheats operating with the current version of Tale of Wuxia: The Pre-Sequel, including the following: The becky health care of the besotted SP beskonaci movement Beskona attacks Kill Fast Infinite Money Most of the cheating is self-destruct, giving you a bespoke medical order not to die u battlema, nor beskonana SP so that your specialties do not have to worry about you needing to have a good energy. Endless movement means that you can make as many moves as you want during battles without stopping, and endless attacks mean you can continue to attack as many times as you want during the turn. Quick manslaughter and endless money are exactly what they say. There is a small trick for getting fraudsters to work in the game. First, boot up the game and get into battle before you activate the coach. During the battle forward to open the trainer and activate health, SP, movement and attack fraudsters. Now kill the cheats quickly, don't activate him at the beginning. Go to battle and wait for the enemy to attack you, and then proceed to activate quickly to kill the cheater. For money cheat, you will need to first open the stats window before you activate the fraud. When you can view the inventory with the money you have at hand, then proceed with the activation of the endless money cheat. Heluo Studio have been updating and correcting some of the broken aspects of the game, and despite being a poor English translation, many players still enjoy it.
