new level and now the 3rd Assassin's Belief: Brotherhood or You Can Tell 2.5 (its kind of strange I know) is even more exciting.. i love the story and draw this francise.. Can't wait for assassin's assassination belief that is due on 2012 (2 years?damn!!) So I'll just wait patiently and hope that it will arouse me again to the next one.. Any gamers are out there try this game, which knows maybe you'll be captivating too.. = Paside from the Assassination Belief: Brothehood, I also end up playing Fable III and Call of Duty: Black Ops.. The Black Black ops are a FPS and hard game (can only play on normal difficulties), the plot is thick and sometimes quite confusing, Fable III is an RPG action just like its predecessor with a new story (just mentioned a bit in the 2nd one) with a little bit of upgrade.. Next target is the Front of Evolve Mission, hoping that it can end the most 2-3 days (already playing it on my lapy but still not finished) and then on losing Odysey (4 disc haha).. This is the page I refer to for the Assassination Credit Wiki – CreedHassan-i Sabahashshassahassan Dabbled in Astronomy: Expert Nothing Is True, All is Latin Permission: Verus Nullus. Omnis Licitus Dutch: Niets is horrified, ally is toestagean. RE: In Killer's Beliefs, what is the translation of the Arabic that Altair says to Altair di Alualim? At the end while Al Mualim & amp;#39; death sequence? Source(s): Killer 39 Arabic translation credit altitude alternatives: small tan.im/KKb9Q (</\>) First of all, you were forced to kill Lucy because there is no way that Desmond could stop the satellite in time unless it had no distractions. Second, the red path doesn't necessarily mean that Lucy is a model. All that the red path means is that a bleeding Ezio had to slipping the stairs at the back of the villa. Finally, Lucy most likely a model. The fact that you meet him while being held prisoner by the Model is pretty incredible. Also, the white van that hasn't been outside, involves being heard about Rebecca's e-mail. You're right on Lucy's e-mails, as well. The idea that you're playing as Desmond's son is highly unlikely. While this can happen in a movie carefully, I doubt that a multiculturated team of multiple religious faith belief took a lot of thought before they began writing the plot for AC2 and Frehood. Instead, it is probably that the final events (after Lucy's death) simply suggest a random sequence that can't be explained yet. My favorite two possibilities are 1) that Desmond was recaptured by the Model and 2) Rebecca and Shaun Desmond hospital after he killed Lucy. The actual moto is in Arabic, so you shouldn't be looking for a translation in Arabic, and most importantly, look for a good translation of money... So the original Arabic is: لا شي واقع Now, as for subtitles, unfortunately, they did a terrible job of Ubisoft for this... Translations were: Nothing allowed ... Non-road is ABSOLUTELY WRONG!! The actual translation that reveals the true meaning and deep philosophical pit of this moto is: nothing is absolute, nothing is possible. Now I could go on the paradox of the phrase nothing is absolute, but I leave it to you mind-storms about it!
