Another interesting direction is parking. Russian Car Driver HD - a game that will be a daring challenge to the driving skills of each participant, ready to try their hand in a rather unusual competition. Until now, high-speed records were set on equipped racing tracks behind the wheel of powerful sports cars, now gamers are invited to conduct a test drive of the domestic car. Experienced drivers know that even the most echidna anecdotes about the masterpieces of the domestic auto industry are true, so the fight for victory on Vaz 2108 is a rather bold decision. And yet the gamer will accept it, installing on his mobile device a game with a variety of locations and modes. Initially, Russian Car Driver HD members have a campaign mode that requires excellent driving skills to complete the tasks. During its passage should drive the car, following the rules and avoiding emergencies. Free ride mode involves rides on different during which you can change the time of day and weather conditions to practice driving skills, complicating the task with poor visibility, fog and rain. Parking and drifting will be a great way to bring your driving skills to perfection. In this game, the gamer is available various improvements: a lot of money will turn a modest eight into a kind of jeep or sports car. So the chances of successful passage of even the most difficult levels of the game for Android are very high. In general, this game is characterized by a variety that will please fans of speed non-standard tasks. Kvinsi Magomedov: 5mod.ru 2020 - © - 5mod.ru - zenith can't request an update!
