## Mesopotamia test study guide

I. Dictionary - professional writerFertile Crescent - a region in Southwest Asia that spreads from the Mediterranean to the Persian Gulf; site of the first civilizationcity-state - a city that is also separate, independent statepoliticisim - the belief in many godsmyth - traditional history; in some cultures, a legend that explains the beliefs of peoplesing - many territories and peoples controlled by a governmentBabylon - the capital of Babylonian; shopping centre; city of great wealth and luxury caravan - a group of traveling travel togetherbazar - market, which sells various children of goodsSorostry - a religion that developed in ancient Persiall. Mesopotamialand Between riversFamily Mesopotamia, or drought between rivers. This is where about 7,000 years ago, the world's first great civilization emerged, Schumer. Here you write and the wheel is invented for the first time. Mesopotamia is Greek for land between rivers. The two rivers are the Tigris and the Euphrates. These two rivers are seasonally flooded and provided they are rich in soil. They also created a danger to people because floods did not always happen at the same time each year. Rivers provide rich soil for crops; fish; clay for construction; and tall, strong meadows used to make boats. The earth stretches from the Mediterranean sea to the Persian Gulf.Many kings ruled the fertile crescent after the fall of Schumer.We will study five great ancient civilizations that evolved and ruled this region: Schumer, Babylonia, Assyria, New Babylonia, And Persia.The Legacy of Mesopotamia The two most important contributions of the people of Mesopotamia are Codex Hammurapi and the art of writing. Hammurabi's Code was a set of rules for everyone in his empire to follow. The code tells people how to settle conflicts in all areas of life, including trade, labor, property and family. He also had laws for adopting children, practicing medicine, renting wagons or boats, and controlling dangerous animals. An eye for an eye that must be similar to the crime committed. The code didn't apply equally to all people. The higher the victim's class, the greater the punishment. The laws of the Code of Every Hammurapi are important to us today because they are recorded. The Hammurapi Code is the first law to be organized and recorded, which we found. The art of writing it has long developed writing. The ancient Scribes Wrote first developed about 3100 BC The Sumerians needed to keep records. Writing is a valuable tool for keeping records. The earliest written documents of the Sumerians are records of farm animals. III. SchumerThe first citiesYomer was located in Mesopotamia.By 3500 BC, some of the earliest known cities arose in the southern region of Schumer, along the Tigris and Euphrates rivers. Independent cities culture and language. Cities did not unite under one ruler. Cities remain politically independent city-states. Each city acted as an independent state, with its own special god or goddess, its own government, its own army and its own king. Short tour of sumerian cityPublic SquaresMarketPlacesMuzians, acrobats, beggars, water sellersDescripts write letters for a fee. Families have been out and playing in the backyards. The Sumerian religion Zigorat, a Sumerian temple, was the heart of the city. Sumerian templesReligious, social and economic activities all took place in the temples. Some of the figures were over seven storeys. At the top of each temple there was a temple. The Sumerians believed that their gods had descended to Earth using ziggurate as a staircase. Ancient religious beliefs They worshiped many gods. This is called polythism. Their myths are accounts of the gods who warned people that the gods would punish anyone who angered them. Stories promise rewards for those who have served the gods well. Honoring the godsRevered their gods in religious ceremonies. Priests washed the statues of the gods before and after meals. Music played and incense burned, while huge plates of food were laid before statues. These ceremonies show us what was important to the Sumerians. They also expressed what they value in poetry. The fall of the Sumer Sumer cities-states fought each other for land and water rights. In 2300 BC, Schumer was conquered by Akhad and their King Sargon and united. This has improved their government and military. After 2000 BC, Schumer is no longer a great force. In 1700 BC Schumer is conquered by Babylonia.IV. BabyloniaVamopermmurapi created the Babylonian Empire in 1787 BC. by conquering cities in Schumer. Babylon was the capital. They built roads all over the empire. Babylon became a shopping mall. The Empire gradually shrunk and was finally destroyed in the early 1500s BC. Assyria Empire of the assyriansssyria lay in open land, making it easy to attack. They became skillful warriors so they could defend themselves. Around 1365 BC gradually began to expand their empire. From 650 B.D. the Assyrian Empire was large, stretching from the Nile to the Persian Gulf.Prinos AssyriaTe invented rams for beatings. The warriors used a slingshot. The shooters were wearing protective helmets and armor. They had armed chariots. Ninevia became a great city of study with a remarkable library that held thousands of clay tablets with writings about Schumer and Babylon.Assyria OverthrownTwo groups, mid and Chaldeians, united together to defeat the Assyrian Empire in 612 B.C.VI. New BabyloniaBabilonia rises againUnder the Chaldees, Babylon rises to even greater splendor and becomes the center of the New Babylonian Empire.The new Babylonian Empire controls the whole Nebuchadnezzar, King of Nebuchadnezzar II restored the city of Babylon. He built a huge royal palace with beautiful gardens and dedicated it to his wife. Progress in trainingUnder the Chaldeans Babylon has become a center of learning and science. Astronomers have mapped the path of the stars. Measure the length of the year. They raised honey bees. In 539 BC, the Persians led by Kir the Great conquered the New Babylonian Empire. The city of Babylon was spared. VII. PersiaPersia is located nowadays Iraq.In 539 BC. The Persians conquered Babylon.The Persians built a huge empire, which, from 490 BC, stretched from Greece to India.A rich and tolerant cultureSoastricism was the ancient Persian religion. The Zoroastrys worshiped a god. The Persians developed a complex structure of government offices to rule their empire. Built a huge network of roads through the empire to make trading with neighbors easier. They tolerated peoples with different cultures. They supported Babylonian science and mathematics. Lasting influence Conquering and trading the Persians spread their religion, system of bureaucracy, and Babylonian science (including for the Greeks). Persian culture helped shape our modern world.
