When you think of romantic novels, what comes to mind? The cover of the book with heaving breasts and men with deep v-neck shirts and flowing, Fabio-esque hair? Mainstream kink like *Fifty Shades of Grey*? Time travel, sex-filled epics? Surprisingly strange, paranormal/horror/sci-fi thrillers featuring a cast of characters who all bang like rabbits? A tragic love story in which at least one of the leads will almost certainly die in a deeply heartbreaking way in the final chapters? Easy fare with a movie worthy of meet-cute and pure, true love, the likes of which seems frankly too beautiful and too pure to exist in the real world? All of the above? If you answered all of the above, then congratulations, because you really get romance as a literary genre. But to be honest, if you've answered anything else, there's still something for you in your own little corner of the novel universe. Because here's the thing: novels aren't just one thing. The novels are as diverse as the uniquely wonderful people who write them and sexed-up/loved-up/anything-ed-up of the people who read them. Here we have put together a list that highlights the wide, strange and wonderful range of stories that fit into the romantic novel Umbrella in 2020. Whether you're looking for 250 pages of highly written sex scenes or something tamer that taps into your inner romantic, there's something (honestly, probably a few somethings) on this list that will speak to your heart, soul and loins.

**Happy Ever After Playlist** Abby Jimenez For those who believe in the magic of true love and magic dogs. You got me into *Hola Alexis* *Daria* Have you ever read a novel and thought: I want this, but more telenovela? Back then, you were with me at *The Hole*, exactly what you were looking for. **Boyfriend Material** Alexis Hall Amazon This amazing, LGBT novel is about a guy who enlists the help of a fake friend to help his image-only end up falling for a said fake friend. So are you. **Sweet Mess** By Jayci Lee Amazon Korean American author Jayci Lee is on metaphorical fire this year and *Sweet Mess* will make you want Netflix to hire her to write a slate of witty rom-coms, STAT. The queen of *Moving Kennedy* Ryan Amazon Ryan's latest romance is as sexy and steamy as it is sincere and real. If I've never met you **Mhairi McFarlane** Amazon Best novel protagonists make you feel empowered and better about yourself and the world than you did before you started reading. If I've never met you **Laurie** is such a hero. Well played by Jen DeLuca **Finding Love at the Renaissance Fair?** Talk nerdy for me... **Conditional your Annabeth** Albert Amazon Search for Love at the Comic Convention? Talk to me in botany. Fail on the flirtation of **Denise Williams** Amazon Love Good Meek Girl decides to spice things up the story? Then click add add basket immediately. The case of heir **Heather Cox** and **Jessica Morgan** of Amazon If you are obsessed with Prince Harry, Meghan Markle, and in general all the royal things, this series is an escapist dream you need. **Never Kiss Duke** Meghan Frampton Amazon If you prefer Fabio's novels-cover variety, try never kissing the Duke, which is quite thrilling. **Chasing Cassandra** Lisa Kleypas is Amazon And if you're into a dreamy, historical novel, it doesn't get much dreamy (or steamier) than this series. **Inappropriate** Vi Keeland Amazon If inappropriate relationships in the workplace is a taboo that makes you go, satisfy your next indulgence. **Real men** knit **Kwana Jackson** Amazon **Sexy, Knitting, Men**, enough said. The connections that **Tether Jane** **Igharo** Amazon This book, about a Nigerian woman who is eventually forced to choose between the expectations of her family and the true desires of her heart, emotionally exciting and deeply moving. The problem with hating you on Amazon's **Sajni Patel** This book follows a fiercely independent woman who vouches for her parents' attempts to set her up with a future husband-only to meet and fall for him later when he gets a job in her office. **Falling in Love** Editing by **Ciara Smith** on Amazon Yes, this is a YA novel. But what he lacks in the steamy, steamy sex scene, he makes up for in genuine heart and AW-worthy moments. The book follows two teenage girls who start dating and try to avoid too serious things by spending their summer throws going on a series of movie montage dates. **Spoiler alert: Things get serious.** The worst best man **Mia Sosa** Amazon **#OwnVoices** book is the latest from **Mia Sosa**, who is truly a master of the modern romance novel. **Christmas charms** **Teri Wilson** Amazon If you spent most of the year than you would like to admit, countdown to the release of the year a wave of new, surprisingly cheesy made for TV (or streaming) holiday movies, then order this book, which is literally a Hallmark movie in the form of a book. **Alpha Night** **Niini Singh** Amazon **Wolf** magic and sexuality? Yes. You are welcome. **Angry God** **LJ Shen** Amazon **Sex Scenes** in this series is always over-the-top, and sometimes that's all you need from a novel, right? **Two Lives of Lydia** **Bird** By **Josie Silver** Amazon How do you choose between two lives and two likes? This incredibly romantic book sets out to answer that question. **Home of Earth and The Blood of Sarah J. Maas** Amazon If the supernatural sexuality of your novel novel vibe, just follow everything **Sarah J. Maas** does. **Sinner J.R. Ward** of Amazon If you're obsessed over *Twilight* back in the day and still crave the NC-17 version of the sexual vampire narrative, **J.R. Ward's Steamy Black Dagger Brotherhood** series is for you. This content is created and supported by a third party and is imported to this page, help users provide their email addresses. You may be able to find more more About this and similar content on piano.io Among other exciting Independence Day traditions, the Fourth of July holiday celebrations include the annual **Nathan Hot Dog Restaurants Competition**. With 10 minutes of voracious rudeness, competitors try to eat as many hot dogs as possible. **Why?** Because **Murica**, fuck yes. (Also, because the winner of the competition takes him \$20,000, a ceremonial wrestler belt, and a serious case of indigestion. Widely considered the best competitive eater out there, **Joey Chestnut** won his eighth title in the chow-down contest today. He also won himself a bride by suggesting his girlfriend **Nie Rikas** (via **TMW**, with a video!) shortly before the hot dogs were served up. Although I wasn't there, I'd imagine a scene played out like this: **Ley, my love, will you marry me?** **OMG, wait that?** in fact, you can keep this thought for a while so I can go stuff my face and then some of them with **61 HOT DOGS** um... Of course? One big check and plenty of hot dog burp later though, there's a happy ending! She said yes! (Honestly, **Lylf** accepted the offer before knowing **Chestnut** would be making the bank this July fourth again, so their love is true.) Yes, **Chestnut** ate **61 hot dogs** in 10 minutes this afternoon. And it's not even his best effort; In the previous show he had knocked down **69**. **Photo: Kena Betancur/Getty Images** This content is created and maintained by a third party, and is imported to this page to help users provide their email addresses. You may be able to find more information about this and similar contents at **piano.io** Location: **Nantucket, MA Staffordshire Porcelain, French Tile** **Reproduction, and Antique Nut Butcher Unit** lend an old-world patina effective kitchen equipped with a stainless steel range. When interior designer **Wendy Valliere** planned a bespoke kitchen in her charming three-bedroom Nantucket home, she pulled out all the stops. A courageous, avowed kitchen fanatic, she says: I often try things in my own home that might be hard to convince someone else to do, she laughs. She volunteers one of her most unorthodox moves: placing her kitchen faucets a good 8 inches from the facing windowsill to make the area easier to clean. Working with Worcester, Massachusetts-based custom cabinetmakers, **Woodmeister**, Valliere conceived a simple plan to maximize storage and dining in a somewhat small room. She began with a wall from an awkward passage that led to the nearby living room. With a doorways, she got an extra wall of cupboards and created a more balanced, U-shaped cooking area. Because she didn't want to The beautiful blue and white hand-painted tiles she chose for her countertops and backsplash, she decided to design a cabinetry around them. As a result, she added about 6 inches to The depth of the cabinets is lower, allowing for deep drawers and shelves. The kitchen faucets are located 8 inches from the window sill, making it easier to clean. Custom cabinets with a specially designed storage of sticking out sticking out face a large table, defining the space as a dining room. Valliere found this antique walnut butcher block at a Parisian flea market during one of her professional shopping trips. She decided to use the butcher unit rather than build a big new island because its smaller size works better in kitchen sizes. I got almost as much space as if I had an island, she says. Instead of the island, she used a well-worn antique walnut butcher's unit found at a Parisian flea market to provide an extra work surface. She covered most appliances (I hate to see a microwave, she notes) with a clean, wooden cabinetry to keep the space uncluttered. The dining room, at the other end of the room, faces more formal cabinets that offer a separate area. An avid collector of Staffordshire porcelain, which she uses every day, Valliere displays blue and white patterned curly figures in glass cabinets. Problematic glass windows and nickel latches give the cabinets an antique look. The kitchen has its own shiny, strange details, including a built-in bread box; an electrical outlet every 6 inches along the countertop; and deep, rolling shelves for pots and other heavy cooking equipment. Valliere thought about every detail, right down to lining her drawers with the jeweler felt to protect her superb collection of silverware and serving pieces from tarnished in the salty sea air of Nantucket. **Thermador's** uncluttered line of stainless steel lines contrasts with the surrounding tiles and white cabinetry with the classic bin pulls. Hidden built-in bread cabinet helps keep the countertop clean. Valliere stores chopping boards and baking sheets in tall, slotted bins.
