And one of the most attractive computers out there is macbooks. With these streamlined transportable computers you can work anywhere at any time and give their users a lot of functionality. But sometimes that's not enough. In so many cases, you're looking for more. While you might go for some productivity apps, there are actually a lot of macbook accessories available that will make your life easier in many ways. With these additional accessories, your macbook can charge faster, store more data, or keep it safe and protected as you drive around. Other than that, there is a wide variety of accessories to pick out as many companies on the bandwagon of macbook users have jumped. Below, we've listed some of the biggest macbook accessories that will benefit your computer. What makes for great Macbook accessories? Before we were in the list, we wanted to go over the criteria criteria which makes for great macbook accessories. The items we have chosen from this list will have the following criteria: Reasonably priced – Accessories themselves should not break the bank compared to the large initial investment of a macbook. Usability – All of these accessories are practical in different situations, but they also have additional features that make them useful in a few situations beyond their obvious features. Compact – Workflow is also about space in most circumstances. As such, anything too bulky doesn't help much. These accessories are either big on purpose - for storing other items - or are nice and compact so they don't get in the way. A USB drive to quickly store files without accessing the cloudWhile you can always access the cloud at any time, accessibility can sometimes be cumbersome or time-free. Instead of trying to access files that way, getting a USB flash drive will save you a lot of time. Especially if your work involves giving presentations. The SanDisk Ultra Dual Drive is great because it offers USB-C and USB-A connectors, allowing you to connect to virtually any device and transfer files and more between computers. Also, USB drives have several hundred gigabytes these days making them solid storage devices. Buy SanDisk Ultra Dual Drive here.Compact Charger That Does More Than ChargeYour standard charger that comes with your MacBook is a good option for a charger, but nowadays chargers can offer so much more. This can help you speed up your workflow, as you charge other devices or use the charger for other applications that go beyond charging. In the case of the Anker PowerPort charger, it is more compact than the standard charger. It also offers another USB-C connector that allows you to quickly charge another gadget with it. Buy Anker's PowerPort charger here. Port adapter For people with multiple devicesOne of the hard constraints with a macbook is that it only has two USB-C ports. This is manageable for those with fewer gadgets, but if you're the kind that has several, it can interrupt your workflow if you need a particular device and you don't charge or open it. In this situation a port adapter from Satechi can help. It offers multiple USB-C ports that allow you to use multiple devices. This can also help organize cords that we know can disrupt the work. If the USB-C ports aren't enough, it also comes with an SD card reader and Ethernet cable port. Buy Satechi Multi-Port Adapter here. A USB cable that is not as intrusive or cumbersome to useThe USB-C cable that comes with Macbooks is small and is used to hook up to an external monitor. By adding more to them, you have better cable management. One option we found ideal was the Nomad Kevlar cable which offers enough length to do what you want while giving you more space to work with. Buy Nomad Kevlar USB-C cable Cleaning your laptop to see what you're doingDust, particles and stains are to be expected on laptop screens after a while. While you are working around these, sometimes they can obscure your vision at times. The same can be applied to all devices today. The only problem with many solutions on the market is that they can damage screens. Fortunately, we have found a screen cleaning solution that does not damage screens. ScreenDr Professional screen cleaning kit comes with a spray that is safe from screens and an antimicrobial microfiber cloth to ensure you get the most out of the spray. Buy ScreenDr Professional Screen Cleaning Kit here. Card reader that speeds up the time of photo transferIf you're looking for a standalone card reader for your work, it's essential to get a device designed for transferring and reading photos. One of the best macbook accessories in this category we found was the Vanja card reader. It is able to read SD and MicroSD cards while easily transferring the photos to a computer thanks to usb-C and USB 2.0 port options. It's also small making it easy to carry and is cheap to buy making it a great choice to pick up if you're dealing with lots of photos. Buy Vanja Card Reader here. Protective covers To protect your laptop from HarmFor those who travel the last thing you want is to damage your laptop for whatever reason. Although you probably don't drop it as often as your phone, having a cover for a laptop to be in can save you time. One sleeve that we found interesting were the Native Union sleeves. They are made of tear-resistant material with real leather accents. The interior is soft and prevents scratches from your laptop. It also offers a pocket area where you can store cables and other macbook accessories easily. Buy native union's laptop cover here. Car charger For charging on the goFor the person who is always driving around, a car charger is always a useful tool to have when you're on the go. The one from Anker is particularly helpful in a number of ways. Not only can this charge your macbook, but it also has an extra port to charge your phone if needed. It's not the fastest charger out there compared to the Macbook Pro adapter, but it's the highest in the market with a starting power of 30 watts. By comparison, the second fastest charging connector has a power output of 18 watts. Apart from that the charger has an illuminated LED ring for you to see it and the connections late at night. It also has a feature that ensures

that devices do not suffer from peaks or overheating of the charger itself. Buy Anchor PowerDrive charger here. USB-C to USB-A adapter access to older modelsIf your older macbook still works, but has files that you haven't backed up that you haven't backed up that you want, it makes it easier to open. It also allows you to access devices that Only USB-A slots. This can save you a lot of time if you move between older and newer devices. Buy Thunderbolt Adapter here. A Hardshell Case For Extra ProtectionA case is good for the trip, but if you use it, having an extra layer of protection can be fun. Beyond that this hardshell case can also serve as extra protection from scratches and bumps as well. Buy Incase Textured Hardshell case here. Alternative sleeve for those with tighter budgets but want protectionIf you're looking for a suitable laptop case but aren't looking to spend too much, AmazonBasics brands are a good alternative. Their sleeves are elegant and still offer good protection from scratches as well. It also has a few pockets for small necessities as well. Buy AmazonBasics laptop sleeve here. A hub suitable for different ports in onceWe have already mentioned a port before it is a huge time saving thanks to having different ports for different devices. This one is a great alternative, because while it doesn't offer as many USB-C ports, it offers more variety. Combined with the design is the same color as the MacBook Air, it offers two USB-C connectors, two USB 3.0 ports, an HDMI port and SD and microSD card readers. Buy Satechi Type C Pro Hub here. Earbuds to deal with fewer cordsCords headphones are a common problem in increasing desk productivity and one way to limit them is to go wireless. If you think about that, one option is to consider the Soundcore earbuds. These are cheaper than Apple's traditional AirPods, which can save you money. Plus, they deliver great sound and are connected via Bluetooth. The beauty of these earbuds is that they can also cancel out sound even though they are so compact. They also provide touch control so you can pause, play, skip music and answer calls. Buy soundcore wireless earphones here. Desktop mode To Save Desk SpaceDesk space is another crucial part of productivity as things can get in the way and hinder your work. In cases where you don't need your laptop right now, it may be helpful to have a stand where you put it. In those situations, we recommend the Twelve South Book Arc. This neat Macbook accessory can save a ton of space, as you'll need to close your laptop to place it in the stand. It also keeps it elevated from the surface that can protect it from spillageBuy Twelve South BookArc desktop stand here. A comfortable and user-friendly mouse for faster working speedThe last of the macbook accessories we'll be talking about is a good mouse. Logitech offers great mice and their Logitech MX Master 3 is one of the largest wireless mice Are. The ergonomic design, customizable buttons and insanely precise movement is fantastic. It also comes with a scrolling wheel for accurate scrolling. The battery can last for months between charges and like all Logitech Logitech it comes with a USB-C connector for charging. Buy the Logitech MX Master 3 Wireless Mouse here. Bottom LineEr are many macbook accessories out there to improve your workflow. Taking the time to do research and invest in some of the best though will save you a lot of time, money and energy in the long run. At the same time, all of these accessories can help you with specific needs for whatever you do. Recommended photo credit: Viktor Ritsvall via unsplash.com unsplash.com
