at least once in your life. The mountains of Switzerland are a sight to contemplate on their own. The panoramic view, calmness and great heights make them impressive but attractive at the same time. The Alps have a large number of very high peaks, of which Schilthne is one of the highest. The 2,970-metre high peak is located in the Bernese Alps just above the city of Murren. There are not many routes to go up to Schilthorn since the peak is quite high and isolated from the rest of civilization. That is why the cable car is the preferred route to the mountain peak. To get to the schilthorn, you need to take a series of cable cars that start from Stechelberg, through Gimmelwald and then to Murren. Once you reach Murren you can take another cable car that will take you to Schilthorn via another stop, which is Birg. Although the method of going up the mountain is complicated, half of the fun is in the journey. The cable car is a fancy way to get to what is sure to be one of the most memorable experiences of your life. When you reach the top, you will find that the long journey was worth it. Another alternative route is to sleep by train to Murren, from where you can take the cable car. For those in adventure sports a more satisfying option is a hike to the top of the peak, which is a journey of about 5 hours walking along a narrow but well marked path. The many ways that bring you to the top of the mountain dream come true for any tourist and an opportunity that should not be missed. After hiking up all the way, the feeling that you get when you look down on the unusual view is one that is unparalleled. People often visit Schilthorn in Switzerland because it is the place where the James Bond film On Her Majesty's Secret Service was filmed. The place is a must-visit and ski slopes popularized in the film, worth a try. See: Schilthorn's fare and tourist information is known for two reasons; its incredible views and James Bond. The site became famous in 1969 in the James Bond film Her Majesty's Secret Service, and still from the film there are signs. But it still has a lot to offer if you're not a movie buff. The hotel offers one of the best views in Switzerland with snow-capped peaks, mountain trails and a revolving restaurant. HOW to get to SCHILTHORN SWITZERLAND Journey has a few steps and can look daunting, but it actually comes along quite smoothly, and with very waiting times between From Interlaken, take the train to Lauterbrunnen. Once there cross the road to the cable car station and take the cable car to Grutschalp. Here you will need to either get a small train that takes you to Murren or you can hike there through a fairly flat trail that takes about an hour. Once in Murren, walk to the other side of town on the main street (follow the signs) to the Shilthhorn cable road. From here you can take the cable car to Birg where you will need to swap cable cars and then catch the final cable car up to Schilthorn. The last cable car to Schilthne takes you above the clouds. All of these trips are included in the regional tourist pass Berner-Oberland, with the exception of the final cable car from Murren to Schilthne. Tickets for this final stage can be purchased at the cable car terminal. TO THINGS DO AT THE SCHILTHORN SWITZERLAND Piz Gloria Revolving Restaurant The Piz Gloria Rotating Restaurant offers 360-degree views of the surrounding snowy peaks. It will take 45 minutes for the restaurant to complete the full circle and it is worth eating slowly to get the full impression. While the food is not cheap it could be worse and you can choose to order ala carte menu for something small. They also offer a good value for money brunch buffet for 33 CHF, which includes prosecco. The best places go fast, so try to get there before 12pm for a good view. 007 Burger hits the point explore outside the head outside for unlocked views of the surrounding mountains and feel the cold of mountain air. The views make the cold worthwhile! There is a reasonable area to explore, including a second point of view on the far side. Here you can take a selfie with Schilthorn in the background with the camera provided. Your photo is uploaded to the website, where you can download it later. Other photo possibilities include link-themed cut outs and tunnel spirals. For tourists there are several small routes available, do not deviate from the marked trails though as the mountain side is steep and dangerous. There are a number of short trails around the James Bond Museum Schilthorn There is a museum dedicated to the James Bond film, which was shot here in 1969. You can watch clips from the movie, sit in a model helicopter and star in your own scene while sliding down the mountain on a sleigh. There are posters from all the James Bond films ever made and interesting facts about the 1969 film spread throughout the museum. It's a pretty fascinating exhibition, so take the time to get it before you go. It's somewhat hidden on the lower floor. Go to the bathroom While this may seem like an odd proposition you'll see why when you get there! (think the topic Schilthorn is fully themed on the James Bond 1969 film Her Majesty's Secret Service. Birg Cliff Walk Birg Cliff Walk for Adventurers. Walk Walk a series of metal grated platforms attached to the rock face surrounding the Birg cable car station. There are a number of problems that cliff walkers can take part in including a rope, glass floor and mesh tunnel. Although not technically dangerous, it is not for the faint of heart! You can get to the rock walk, leaving the cable car at Birg station on the way up or down from Schilthorne towards Murren. Tunnel Challenge is one of the hair lifting activities on Birg Cliff Walk Explore Murren Once you have completed your journey make sure to spend some time in the rather small town of Murren before heading back to the hotel. It has a beautiful view of the valley and there are lots of cute little cafes and shops to explore.
