Baby mods for minecraft pocket edition free

Free5.14 MB Continue the app With baby player mod for Minecraft Pocket Edition you can play like a lovely baby. It reduces the size of the player and gives it a baby appearance, but the good thing is that it does not modify the character's characteristics. Works with all interfaces, normal and custom. Choose your skin and the appearance of the player will be smaller than the normal model. Baby skin is included in the Download SD card folder. This is the best app of the baby player mod for Minecraft Pocket Edition, it includes an automatic installer so you can install the mod with just 1-click. Also included is a tutorial on what it offers and how to use it, so you can consult it whenever you want in case you have doubts. It also includes an automatic uninstaller, with a single click cleaning your memory removing the mod if you no longer want it. That's why we recommend installing the app, since you can install and uninstall the mod comfortably with just one click, we'll work for you. Calm down, right?. Also include a baby skin, you will find it in the Download your SD card folder. This is a mod for Minecraft, which requires Minecraft Pocket Edition to work.
