CALL FOR PRICESELF-CONTAINED TELEPHONE ENTRY SYSTEMThe DKS 1810 is an ideal phone login system that is suitable for a wide range of applications. The built-in light catalog makes it a complete all-in-one compact unit, and it's easy for managers to upgrade using a word processing program. Visitors are easily identified by voice and can be provided or denied access directly from the phone's touch tone. Ideal for small and medium-sized apartment buildings, gated communities, condominiums, office buildings, factories and industrial facilities. With a built-in catalog, the Model 1810 is a complete self-service login system that is ideal for small to medium apartment buildings, gated communities, condominiums, office buildings, factories and industrial facilities. Managers can easily create and modify a directory as needed with a word processing program (patterns are available in DoorKing). The 1810 is available in both surface and flash attachments. Visitors are identified by voice over the phone. Access is granted by pressing 9 on the touch tone of the phone, or access can be denied, just hang up. Features: Programmed catalog codes (1-4 digits).16-digit set. Two special inputs can be programmed to activate the relay or to dial a pre-programmed phone number.5-digit login code for special needs. Built-in LED catalog. LED lighting illuminates the catalog. Built-in clocks. Keep time zones open. The time zones of the login code. Flash login codes. The built-in position of the mail lock. Show programming. Stores up to 600 phone numbers. EEPROM Memory Chip.Full duplex communication.4-digit login code; 1000.Six, 5-digit login code 16 VAC, 20 VA (250 ma) power transformer is provided. Ringer equivalence: 0.0 A.Jack Type: RJ11C or W.FCC (USA): DUF6VT-12874-OT-0DOC (CAN): 1736 4507 AComplies with UL 294; ETL Listed.Surface: 13H x 11.25W x 4.75D. Flush fixing sizes: 13.25H x 12W x 3.25D. Surface or flash mount - specify which one. The stainless steel case (only a surface mount). CALL FOR PRICE Owner's Guide 1802, 1803, 1808, 1810 Telephone Login Systems P/N 1800-060 REV D, 7/01 Copyright 2001 DoorKing, Inc. All Rights reserved. Objects. can easily create and change a directory as needed with a word processing program (patterns are available in DoorKing). The 1810 is available in both surface and flash attachments. Visitors are identified by voice over the phone. Access is granted by pressing 9 on the touch tone of the phone, or access can be denied, just hang up. Use a simple and simple plugin and play DKS Cellular option for voice-only connection to 1810. No phone lines or internet cables to run - no trenches or channels to install. And, of course, the DKS phone entry systems are compatible with traditional POTS copper wire. Programmable catalog codes (1-4 digits) 16-digit set Two special inputs can be programmed to activate the relay or dial a programmed phone number 5-digit login code for special needs Built-in LED light Director of LED Lighting highlights the catalog Embedded Time Clock Hold Open Time zone Entry Code Flash Time zone entry codes Built-in postal lock position Programming display Stores up to 600 phone numbers EEPROM Memory Chip Full duplex communication 4-digit login code; 1000 Six, 5-digit entry code 16 VAC, 20 VA (250 ma) power transformer provided ringer equivalence: 0.0 Jack Type: RJ11C or W FCC (USA): DUF6VT-12874-OT-DOC (CAN): 1736 4507 A corresponds to UL 294; ETL Listed Surface Fixing Sizes: 13H x 11.25W x 4.75D Flash Fixing Sizes: 13.25H x 12W x 3.3.3.25D Brand Doorking Manufacturer Part No Former No Specification No Showcased Accessories All Products Expansion - Additional Components Of Suppress SuppressOrs Battery - Defenders Large Phone System for The Great Telephone System For The Great Phone System For The Great Watch than I promised. Replaced by a forty-year-old system that started the show, that's age. The previous system allowed only one area code to be used for programming. This system allows up to 15 area codes. What helps now is that everyone has a mobile phone with all the different area codes. I also like the built-in paper catalog. This allows you to search for a tenant faster without scrolling through a long list on the lcd screen. It also allows for remote programming using the phone's touch tone. Something was missing from my other system. The instructions made for a very fast installation are well laid out. About an hour, including a new mounting stove on the existing kiosk. Couldn't be happier with this phone system. (Published 10/30/2019) Only registered users can write reviews.
