When the life of someone they both come into play, Sydney risks everything to hunt down an old enemy to death. Meanwhile, she and Adrian get tangled up in a puzzle that could be the key to a shocking secret about the magic of spirits, a secret that could shake everyone Moroi and alter their lives forever. Don't miss his last unforgettable chapter... LOVE WILL KNOW ALL Synopsis taken from goodreads and translated by me. This more than a review of Ruby Circle will be more rambling me about what happened throughout the Bloodlines series and the Vampire Academy. Okay, and just to clarify Bloodlines is the spin-off of the Vampire Academy series, so after reading 12 books about Morois, DampHIRs and as 8 (of the 12) about alchemists, the story is coming to an end (I hope not), no more Adrian Ivashkov, Sydney Sage, Rose Hathaway or Beli Belikov. I'm going to miss you... I don't know how many times I've said throughout the series that one of my favorite characters and my fictional friend is Adrian Ivashkov, so I'm not very impartial as far as he was concerned, I can find all the other character flaws, but not him, so it was hard for me to read this last book. I didn't want it to end, I was divided between reading it slowly and enjoying it or rushing and knowing what ended. I liked this book from the point of view of a fan of the series and Adrian, where it takes action where those who fight with powers or magic are Sydney and Adrian, apart from the fact that Adrian does many things that he didn't know could be done with his element or magic - spirit; it also has its dose of romance, it has a good ending, but I didn't feel so extraordinary, I felt it a little anticlimatic. But it's a good ending. SPOILER - DO NOT READ IF YOU HAVE NOT READ THE RUBY RESEARCH - SPOILER During the series I often touch the idea of making some kind of vaccine? or potion using the spirit to somehow help Moroi and DampHIRs His fight against Strigoi, there was progress in the previous book, but in the Ruby Circle I feel that he was missing the follow-up. I liked the fact that Dimitri was tied to a certain Moroi that I adore, I found it very funny, but also to see me miss a little more follow-up. Declan's character is introduced in this book and becomes a very important person in the life of Adrian and Sydney. But I was sad about Neil's letter to both of us. I enjoyed the epilogue was a year and a half after Jill was rescued and we can see most couples in the series having a Christmas dinner, caught on them in their lives. But I feel that something is ultimately missing (my humble opinion) The only details I found were that they initiate subtramas that remain unfinished (or at least I didn't read when they were resolved), would be the vaccine or the protection potion Sonya Karp was working on, the new laws that Lissa was promoting and that I never knew if they passed or not. And the army of Morois that are presented in this last book, which are prepared in the style of damphir, only including their powers, to promote another law, so that Morois will be taught to fight in their school years. But in general, if I like the Ruby Circle very much, it is captivating has action, romance and place throughout the series of many cameos of Rose, Dimitri, Lissa and Christian. Come on, the only way I didn't like this book is for Richelle Mead to do some stupid things, but out of this epic crap and we all know that Richelle is not stupid at all, on the contrary, she's very smart and cunning and... Thank you for these books, Mrs. Mead, thank you. It's hard not to talk likefangirl I am, how many years already with this series? Not only Bloodlines, but also the Vampire Academy, since I started reading, already makes some good ... I don't want to feel any older than I am. Like Sydney and Adrian: I grew up with every book I published. I totally changed my mind about everything, so did Sydney with Moroi. I accepted that I had a problem, sought help and failed and again to seek help, just like Adrian. So tell me: the hell to say goodbye to these kids? Is there any non-dramatic way to know it's over? Ugh, getting sentimental is so easy sometimes. Did I like the ending? I liked it, it's a revelation that made me make a pig sound for two minutes. I mean, after 11 books and you're thinking about mentioning that. ADICA, RICHELLE, WHAT NAIBA TE THINK! But it's okay, anyone could go through such an important detail. It's normal, I think. And about the second bomb... Does anyone else feel it's going to be a spin-off, right? Call me crazy, but if there was actually a new story (which Richelle was disusing forever) Honestly, it wouldn't bother, it's a few times I feel they don't extend a story for money, her books so far have had very good quality, so don't worry about seeing materials just by filling the leaves. I know from the comments I've read so much on Facebook and Twitter that this may be another series based on the world of Moroi and Dhampir is not something that excites all readers of the series, but I really would like this to be met. Not just because I'd like to see my favorite guys again, but because some things feel unfinished in the story. And that I know it will be a great point against the book, I'm already starting to see more readers disgusted by this issue. In theory, the book has an end, but after you finish reading you wonder: But what happened to them? Did you find out? Twenty years from now, will everything be the same? Partly because who doesn't want to know more about favoritos y otra porque, bueno, está el detallito. Luego de terminar de leerlo y postergar lo más que pude esta reseña (dos horas :D), sigo pensando ¿Por qué Circle Ruby? Me refiero al number y estonces recorded el finale. ¿Será por eso? Cuando lo finish de leer espero que me ayudes a responder esa pregunta. Cuando crees que no puedes enamorarte más de una historia, ¡la Richelle Mead y te demaestro lo contrario, The Ruby Circle fue todo lo que yo quería, incluso la sensación de que cabe la posibilidad de que haya más, ¿qué puedoc? Me gusta la serie y quisiera tener 50 años y seguir viendo a mis chicos y envejecer con ellos, sería una gran motivación. Lamento si no explaino mucho del libro pero no me gustaría por nada del mundo soltar si quiera un spoiler, aunque creo que sin querer dije algo, si lo hice pepedón, no fue mi intención! Spoilers before... Sydney, Adrian and Daniella live together in a house in Court. Adrian and Sydney argued with him using Spirit. Adrian says he has to go outside, where he is attacked by Wesley Drozdov and others. Eddie and Neil, who were on their way to Sydney's home and Adrian, help Adrian escape the fight. Eddie informs Sydney and Adrian that Miss Terwilliger is coming to visit. Miss Terwilliger enters with a cat transporter and a small box. She tells Sydney that the box was sent to her address, but tried every unlocking spell without success and therefore, after visiting Inez, inferred that the box must have been sent to Sydney. Sydney unlocks the tape with a simple spell and inside finds a flyer for a robot museum in Pittsburgh with writing on one of the images saying: COME PLAY. SYDNEY. She also finds a photo of Jill in a magazine by a Palm designer Sydney decides that she must go find find and finally convinces Adrain that he must remain at court as cover. She decides that Eddie will go with her and Ms. Terwilliger and Sydney create a spell to help escape the protected community. As part of the spell, Sydney turns Mr. Bogangles into the cat and the real cat stays with Daniella and Adrian. Sydney escapes successfully. Sonya visits Adrian and wants Adrian's help with Nina, whom Sonya suspects she is using with much Spirit. Once he and Neil visit Nina and see what state she's really in, Adrian says it will help, but only if Nina accepts a sedative from Sonya. Sydney, Ms. Terwilliger and Eddie visit the Robotics Museum. They soon discover the display that was presented on the flyer is enchanted and decides to come back later when the museum is closed. When they return and enter the museum and enter the exhibition, they are attacked by Fotianas (mutant fireflies). After dealing with Fotianas, Sydney finds a brick, a map and a locking of Jill's hair in a manila envelope. Rose visits Adrian and Sydney, unaware that Syndey is no longer there. After many apologies from Adrian, Rose takes him to a Dhampir training area where a group of Moroi warriors have displayed a screen that they aim to show to the Moroi Council to convince them of a Moroi warrior program in schools. When Adrian returns home after having had some trouble sleeping, he is pulled into a spirit dream by Nina. He's trying to locate Nina's sister, Olive, but she's failing. Meanwhile, Sydney and others are investigating Ha Ha Tonka, the place from which the brick was stolen. Sydney uses an invisibility spell to allow Eddie to recover what appears to be a golden brick. They camp just outside the national park, but in the middle of the night, Eddie wakes up Sydney as the gold begins to burn through grass and stone. Eddie notices that the shape that a brick cools matches that of the Salton Sea. Then the molten brick explodes into shards almost hitting Sydney, Eddie and Miss Terwilliger, but Adrian spontaneously appears and stops the shards. From the spell, they learned that Alicia DeGraw is still alive. Ms. Terwilliger decides it would be safer for Sydney and Adrian to stay away from Palm Springs while she and Eddie go to investigate with Stelle's help. Adrian and Sydney argued that Adrian helped Nina with her spiritual dream. They both travel to Iowa and stay at Black Squirrel Lodge. When going for a shower Sydney finds Caju (black squirrel) in the bathroom and after some chasing around, Adrian and Sydney get rid of cashews and have sex. After falling asleep, Nina drags Adrian into a spiritual dream in which she fights Strigoi. The amount of spirit is too much for Nina, both because of the large amount and because of the physical and mental charge all the searching for Olive put She. Nina collapses and starts to stip. As the dream fades, Olive Olive she has lost control of her dream and this allows Adrian to see the pendant she is wearing, as well as the fact that she is pregnant. After Adrian wakes up and tells Sydney about Olive's pregnancy, they get a call from Sylvia telling them about Nina's scene, but also about the fact that she doesn't know either Adrian or Sydney are at court. They have a video call with Lissa, Sonya, Rose and Dimitri during which Sydney explains what they've learned so far about Jill's abduction. Adrian shows them the sketch of the pendant that Olive and Dimitri recognizes as a symbol of members of the communes of Dhampir. They persuaded Dimitri and Rose to travel to Michigan with them in the commune of Dhampir identified by Dimitri. Initially, Olive doesn't want to see them, but after Adrian mentions Nina, he convinces her otherwise. While walking, Adrian meets his uncle Randall Ivashkov, who was unofficially disowned by his family. By the end of their conversation, Rand goes to pick up Adrian, but is intercepted by Dimitri, who continues to throw him on the floor. Apparently Rand is Dimitri's father and, in turn, Dimitri is Adrian's cousin. Everyone's shocked, Rose seems to be in denial. Later that night, there's a Strigoi attack during which Olive goes into labor. Rose turns around and asks if Adrian would help us with the wounded. Sydney's worried Adrian's using so much magic. Rose also informs them that there is an Alchemist coming. Sydney goes with Adrian to the infirmary, though. When the Alchemist appears, Sydney has to hide upstairs while Adrian uses his powers down. After the Alchemist leaves and Sydney returns downstairs, he learns that Adrian has exceeded his powers. Dimitri then tells Adrian that Olive escaped into the woods to have her child and that she was attacked by a Strigoi. Sydney calls Stanton, trying to bribe her with the names of the alchemists who sell enchanted blood to the warriors to help save Moroi. Jill. Alchemists and guards attack the complex where Jill is being held. Eddie pauses while suspecting that magic is involved and contacts Sydney. Sydney and Adrian arrive at the resort. Sydney invokes a hydra-like demon that Alicia had to guard where they kept Jill. While Sydney distracts the demon, Rose sneaks in and retrieves Jill, who is weak from the animal's blood. Neil goes to investigate a shed and Sydney and Adrian are left alone to deal with the demon. The demon takes Sydney off her feet, and Adrian uses the spirit to force the demon. This uses a lot of spirit and for a moment, Adrian about Sydney and can only think about power. He gets out of it and he and Sydney get out. Sydney meets Stanton who that she and Adrian, as well as the people they helped escape, have amnesty and that she will try to get other alchemists to review the re-education.
