They improve your home lifestyle and because the indoor unit is completely hidden, usually in the ceiling void, they provide heating and cooling that is a beautiful experience, and yet virtually invisible. Air duct heating/air conditioning with a control zone capability allows for different zones (areas) to be created in your office or home for optimal comfort and energy management. The system regulates air flow through shock absorbers at prescribed periods of time to control the heating or cooling of selected areas. With the weekly timer function, the operation can be configured to fit your daily schedule. Schedule. Set and forget a way to keep the temperature of your home comfortable all year round. The handy control has a large display for 'Mode', 'Set Temp' and 'Fan' with each feature presented by an intuitive icon. FEATURES: Area names can be programmed Weekly timer Simple room temperature operations displayed on home screen Children's Lock FEATURES: Thermo Sensor Weekly Timer Easy to understand timer operation and watch display Display FEATURES: Touch screen LCD panel! built in weekly/daily timer and automatic timer Backlight Number temperature display ARTG18LLTA ARTG24MLC ARTA30LB 36/45LATU - Additional additional for ARTG09/12LLLB ARTG18LLTA ARTG24MLC ARTA30LBTU ARTA36/45LATU - Additional additional ARTG_LHTDP ARTG_LDTA additional services for: ARTG_LHTDP/LDTA/LHTA/LHTC ARTC_LATU ARTC_LATU fujitsu ducted air conditioning control panel manual. fujitsu ducted air conditioning installation manual. fujitsu ducted air conditioning user manual
