Bully: Anniversary Edition (MOD Unlimited Money) is an action role-playing game from the famous Rockstar Games edition. The game is a fun and interesting school story. Specifically, you will play the character of Jimmy Hopkins, a mischievous boy. In the game you have the opportunity to go back to school and do many things that you want to do in school. You will stand up to teachers, bully others, conquer girls at school,... and many other interesting things await you. Rockstar Games is a New York-based game developer. This is a very famous release of the open world games genre, sandbox,... Founded in 2009, and up until now they have achieved a great deal of success. After the release of Grand Theft Auto: San Andreas and the community of players welcomed them continue to release the new game that is Bully. Not only that, Rockstar Games wants their games not only to be successful on PC and PlayStation2 but to be successful on every major operating system because of which Bully: Anniversary Edition has been developed on iOS and Android operating systems. IndexAfter 10 years of launch on PC platform, Xbox360, PlayStation 2,... Bully was officially launched on Adroid and iOS anniversary versions. With reputation built in the year of launch (2006) Bully will provide many great experiences for players with fun school stories, especially for those sitting in school chairs. Specifically, you will play the role of schoolboy Jimmy Hopkins, a naughty student with a history of suspension 7 times in a row. With his temper, thugs and naughty Jimmy quickly became the focus of Bullworth Academy. To protect the academy's reputation, teachers will also try to stop and do everything possible to protect it. You will be tasked with becoming the most powerful person in this academy and taking revenge on your traitor Gary Smith.Bully: Anniversary Edition is an open world where players can freely travel and participate in missions throughout the game. This can be considered a true school version GTA game because the game allows you to go and mischief everything in the game. The control of this game is also extremely easy with the move button and an axis button interacting with objects, you won't take long to get used to it. The features of the game game are extremely attractive due to the different features of the game. You can participate in side quests, classes, mini-games or use items to disrupt the school. The game includes the Scholarship version so you can use previously unlocked items. In particular, you can keep the game in the cloud so you can continue playing on any other device. The game consists of a lot of exciting activities including game modes People. You can challenge your classmates with mini-games like boxing, marathon running,... and a lot of other exciting games. And of course you can challenge anytime, anywhere. In addition, you can participate in activities to save money and buy what you like in the store. With a school environment, Bully: Anniversary Edition also lets you participate in theoretical and practical lessons. This will make you feel like you are in school, feeling authentic to every detail. However, there is a difference, the subjects do not help you to be successful in life or to apply in campaigns to acquire schools. GraphicsBully: Anniversary Edition owns quite impressive graphics. Compared to the Scholarship version 10 years ago, this version has been greatly upgraded. Rockstar games have focused on details and characters to make the graphics of the game more impressive. The graphic texture of this game has a higher resolution than before, dynamic lighting, shadows and effects are also improved. FinaleFor every human being, students often retain the best and most memorable memories. Students often have crazy mischief that teachers and parents never think of. And if you want to experience that feeling again, the Bully: Anniversary Edition is the game you're looking for. The game will give you memories of school that you may have temporarily forgotten. Download Bully: Anniversary Edition MOD APK for Android (Latest version) Bully: Anniversary Edition is a game that has become one of the most popular in the Rockstar lineup. And the gateway to the Android platform has also become a real hit. The plot is based on the life of the troubled schoolboy Jimmy Hopkins. That's what you will manage throughout the game. The main character will face many injustices at school. Corrupt teachers, arrogant students – this is only a small part of such a mess that occurs in an educational institution. Your task is to prove that you're not just a whipping boy. You will not be a victim, but you will do everything to put in place the presumptuous teachers or arrogant students. You will definitely like how you can play everyone and everyone here. The game is not without its love line. There is a possibility to hook one of the local beauties. GameplayHere at the heart of ratio is only brute force. By the way, not only schoolchildren became followers of cruel rules. The player of The Bully: Anniversary Edition himself will try on the skin of a young bully. He should adapt to new circumstances in order to continue to commit atrocities with impunity. The user will have to fight back the hooligans, set their own rules, steal other people's things, and dirty up in the most sophisticated ways. This is just the tip of the iceberg, but the player has many other opportunities to prove himself. The most important thing is to gain popularity so that your authority is recognized by schoolchildren in different groups: athletes, geeks, pitching. It is necessary to act in a comprehensive way, that is, to gain high popularity among all at once! Job SystemsIn Bully: Anniversary Edition our hero has to participate in school dismantling, go to classes, be responsible for pranks and absences (teachers prescribe punishment). You will have the opportunity to write words, solve problems and set up chemical experiments, show sports achievements. The result of the task depends on the actuality of execution; the watch can be seen in the corner. Keeping track of time is especially important after the lights are off. Gameplay Hitting back against hooligans, enforcing your own rules, stealing things, doing dirty tricks in the classroom using chemical reagents is just a small part of what you have to do in The Bully: Anniversary Edition! It is important to gain popularity among different groups of schoolchildren (geeks, athletes, jocks, simply one). In addition, it will be necessary to act not selectively, but in a complex way - you need to gain high popularity among all! The game implements an exciting system of tasks, which include participating in a showdown with other students, attending classes, performing punishments from teachers for absence scars and pranks. Speaking of classes. It is enough to download Bully: Anniversary Edition on your Android device, and you will be able to solve puzzles, make words, participate in sports competitions, put experiments in the chemistry room. A feature of the gameplay is also a clear reference data to time. A clock is always placed in the corner, tracking the time through which is especially important after the lights are off. Out.
