Adventure or adventure games are one of the games that have quite a few fans. By playing the game, we can adventure in a virtual world without having to move from where we are today. Well this time Carisnyal will consider 10 of the best Android adventure games that you can play offline. Some of these games are paid, some are free and some are free with additional in-app purchases. The next 10 offline Android adventure games are also no less fun than the MMORPG Android game. Because not only do you travel around, you will also face various missions and challenges that you can conquer. There are even adventurous games that make you fight enemies. 1. Castle Illusion game takes on the theme of adventure, featuring one of Disney's Mickey Mouse characters. This game led by a Disney developer will lead its players into a castle full of challenges and obstacles. You will be taken on an adventure inside the castle. You have to solve all the tasks as well as the missions that have been given from the game. Not scary, this game is instead presented with an interesting backsound with stunning visual effects. Save Mickey's lover, don't keep Minnie stuck in the castle for too long! You can download the game here. 2. Fahrenheit: Indigo Prophecy Do you want an exciting horror adventure game? Fahrenheit: Indigo Prophecy can be one of the right options for you. This game provides a outsmart dialogue. So you not only just play, you can also enjoy the dialogue that gets you carried away. You can also choose from the various characters available in Fahrenheit: Indigo Prophecy. In the game, you will solve some funny secrets. This cannot be underestimated because the Fahrenheit: Indigo Prophecy game is not easy to win. Sorry to enjoy Fahrenheit: Indigo Prophecy you should be prepared to download it by paying 7.99 pounds by clicking here. 3. Ghost Town Adventures Ghost Town Adventures is one of those adventure games that you can get for free. This game starts with a story where you are looking for a lost grandfather. You need to go on an adventure and walk to find all the clues in order to find your grandfather. While you're on an adventure, you'll meet ghosts. In addition, you also have to solve some riddles to find the key. The keys you find can be used to unlock other access to make it easier to find your grandfather. Can? You can download the game here: 4. Terraria Terraria is one of the adventure games that presents everything unique and interesting. If you play this game, you will find many unusual things from you to see the sky in the underworld in Terraria. In addition to presenting a unique graphic concept, the game also offers an exciting action adventure. Not only are you here to walk, you also have to fight against your enemies. Over 450 enemies and over 20 bosses you have to win. Another advantage is that the game can be played offline, and can also be played online for multiplayer gameplay. Do you want to play this game? Click here to get the game by paying Rp66.000. 5. Another world is another world old game that was first released in 1990 and is now back on Android devices. In this game you will play the role of a physics researcher who accidentally moves himself to another world. This Game Another World is very unique and challenging because you will also be presented with some puzzles that are pretty brain-racking. You don't have to pay attention to its outdated graphics because it was released more than two decades ago. 6. Assassin's Creed Identity Ubisoft not only presents Assassin Creed games only on the PC platform, because now you can play the game on Hp Android. No less fun than the PC version, Assassin's Creed Identity also has many missions to be completed as Assassins. Uniquely, in this game you can choose from classes ranging from Berserker, Shadow Blade, Trickster and Thief classes. Most importantly, the graphic animations offered by this game are very good and feel real. However, for those of you who want to play this game turns out to be willing to spend Rp29,000 kocek, yes. 7. Broken Sword Broken Sword is the best adventure game consisting of 4 episodes. This game gets a lot of thumbs up from Android game critics. In this detective adventure puzzle game you have to find clues as well as solve various puzzles if you want to continue the adventure. The graphic display as well as the cut scenes are made with pretty good animated animation. The gameplay presented is also great for the detective adventure category. If you buy a version of Director Cut, you get various bonus items from this game. 8. Gemini Rue Gemini Rue is a sci-fi adventure game Android, which takes place on a planet called Barracus. In this game you will play a former hitman named Odin and go on an adventure with a hospital patient named Delta Six. The game received good reviews from its fans, so it received a rating of 4.5 on the Google Play Store. The gameplay is also pretty simple because it uses a point-and-click system. Please download this Gemini Rue game here. 9. Leo Fortune Leo Fortune is a game that pretty much attracts attention played in the Android TV demo at the 2014 Google I/O event. Since then, Android gamers have started looking at it, and many of them are now loyal fans. In this game you will play the role of Leo, a billionaire who is now falling poor because his wealth is stolen. But he did not stop and decided to go on an adventure to rediscover the lost wealth. 10. Minecraft Pocket Edition It feels like no one can deny if Minecraft is one of the best standalone adventure games on Android today. In this game you build houses, dig mines, destroy buildings, and various other activities on your project. This game has no history, so it is suitable for those of you who love open world games. So you can create your own stories in the game that carry these old graphics. Please download this game through the Play Store here. 11. Machinarium Machinarium is an adventure game that has a point-and-click system with a steampunk theme. This game has different puzzles that are quite difficult, so you have to think really well to get through it. Some people criticize the storyline in this game, which is too short. But that's actually understandable given the machine was released when the average Android smartphone still had 4GB of storage. The latest version of the game now represents achievements and supports cloud storage. 12. Silent Century Silent Century is a puzzle adventure game that features the main character named Joe. Joe is a researcher who discovers the fact that humanity will soon die out within the next 40 years, so he must overcome it immediately. At the same time, he had to find out in advance what caused it and how it could have happened. This game is perfect for you fans of retro games like another world. The game can also be downloaded for free with several purchases in the app in it. 13. The Walking Dead If you're a big fan of The Walking Dead series, then this game is worth a try. Just like the story in the movie, in this game you have to save the world from dangerous zombie attacks. The game Walking Dead consists of two seasons. Interestingly, you can play both seasons without having to go from season one to season two. Both can also be played for free for 1 episode and then pay through in-app purchases if they want to continue. 14. Botanicula Actually, botanicula is a follow-up story of the machine, of course, Botanicula is no less fun than other adventurous games. In this game, players have a mission to save the last tree seed in the botanicula world. However, the mission The seeds of the trees are not as easy as themselves, because many evil will annoy the player. In addition to the fun adventure story, you can also enjoy a pretty good graphic look. In fact, you can go on an adventure in more than 150 places that are already scattered in the world of Botanicula. Yes, you shouldn't miss the hidden bonus either! 15. Frostrune Another fun game with type of adventure, Frostrune. This is a game with an interesting and unique storyline. In addition to highlighting the story, Frostrune also has a number of challenges for players that will definitely make you feel good. Because, Frostrune is really known for its complex puzzle problems. Want to play? These are the 10 best Android adventure games right now that are a must for you to try. All of these games can be played offline without an internet connection. If you are a great game for RPG adventure games then you can check out the list of the best games in this article. Do you like games with complex obstacles full of puzzles, exciting gameplay and complex storylines? Then you have to play adventure games, gang! Improved smartphone technology now allows us to play the best adventure games Android with graphics that are not inferior to computer games and consoles. Despite this, today's games rely heavily on the Internet. Without an internet connection or quota, you can't play the game. But it's easier.
