Once you sit and are given a menu, please tell your server that you have a meal plan and show them your vouchers. This allows the server to alert you to which menu is available for the chosen plan or if there is a set of menus, for example. Once you have finished your meal, just hand over the vouchers as payment. Please note that you can order items that are not covered by your vouchers (such as alcoholic beverages, etc.) and your server will bill you for these items separately at the end. Can you use vouchers in other restaurants, not in your meal plan? Yes! While meal plans all have their own set of restaurants where you can exchange a voucher for full payment, it's great to know that you can use your vouchers in other restaurants that aren't on your food plan list. You can exchange meal vouchers for cash at any Disney restaurant that accepts the Meal Plan. Every voucher has a cash value written on them. If the voucher covers the cost of your meals, then no payment will be required other than the voucher itself. You can also use the Meal Plan voucher as a partial payment for meals. For example, you can be on a standard plan, but want to eat in a premium place. Ok! Just alert your server at the beginning of the meal and they will deduct the cost of your voucher from the cost of premium food, leaving you to just pay the difference. Nutrition plans are very flexible and this is a great way to get every penny of value out of your plan. What is a PAUSE GOURMANDE treat at Disneyland Paris? PAUSE GOURMAND treatments were previously included as part of Disneyland Paris Meal Plan options, but was discontinued as a free supplement in March 2017. You can, of course, still buy a Pause Gourmande treat whether you have a new meal plan or not for about 5 - 7 pounds - many outlets also offer souvenir options that include a souvenir mug or straw. Below is a description stored here for posterity, but note there are currently no vouchers or pauses gourmands with meal plans. Pause Gourmande is one hot or cold drink PLUS tea treat for 3-6pm every day. Pause Gourmande treatments can be such things as Churros, cookies, Mickey cakes, doughnuts, cupcakes, ice cream bars, favorite cakes and buns. What is offered depends on which eatery you buy. Where can I use gourmande pause vouchers? When you receive the voucher, you will see a list of accepted restaurants/grocery stores printed on it. Below are the outlets that in the past have allowed you to use your pause Gourmande vouchers for teatime treatments. Re: Face price of tickets for lunch four years ago Hi FL, Standard Vouchers now costs 27 pounds for adults and 14 pounds for children until March 23. After this date, this period is increased to 28 and 15 euros. If you use your face value vouchers in a higher category restaurant, you don't get an inclusive drink (children's dishes include a drink) We ate at Mickey's Cafe last August, the first time we've been since it changed in the set menu, we had great food and great character interaction. I have tried before and they said my only option is to pay the price difference in restaurants. If you actually paid for your meal plan, call them!
