Previous lesson Next lesson - This is the way Week 10 Come follow me research. Free lesson ideas and activities for family, Sunday school and Primary. March 2-8. Second Nephi 21-33 is the Way Essential Ideas for Week 10 is the Way To Welcome to Week 10 of our come follow me research. This week we dive into the second Nephi 21-33. I want to start by bringing you into basic ideas. I do this every week so you know exactly what you've been asked to teach both at home and in church. These basic ideas come directly from your come follow me guide. These basic ideas are bold sections. I would like to share them because you may be impressed by just knowing the topic to share an idea or thought with your class or home. I also want you to have a clear picture of what you've been asked to teach before we start. The main ideas come to follow me This is the way the families of Jesus Christ and His doctrine are the only way to eternal life. Jesus Christ set a perfect example of obedience when he was baptized. The Holy Spirit will show me what I have to do. The Book of Mormon convinces everyone to believe in Christ. The main idea for Primary is the way Jesus Christ taught me how to go back to Heavenly Father. I can feast on the words Christ. Heavenly Father wants me to pray always. The main ideas of the Sunday School of Jesus Christ and His teaching are the only path to eternal life. Whoever survives to the end will be saved. The Holy Spirit will show us what we should do. The Book of Mormon convinces us to believe in Christ. The question and the fast pages week I'm providing questions and tips pages for Sunday school and and I believe this is one of the most valuable lessons helping teachers. In short, these are questions you can ask directly to your class. They follow the whole lesson guide and arrive from start to finish. They struck all the key ideas and topics of teaching. These pages also contain important references to the scriptures that you should use when asking specific questions and looking for answers in the classroom. I call it your class sketch lesson and it can be used with either print or handing outs. You can also use them in your home. Use primary for children aged 4-11 and Sunday school for 12-18 year olds. The baptism of Jesus Christ is one of our main themes, and I wanted to create a way to truly illustrate how baptism is taught through the Mormon book. To do this, I created a set of 5 visual effects. Each illustration depicts a part of baptism. Alongside the image is a banner that includes verses from the scriptures from the Book of Mormon. You will watch each set of scriptures as a family and learn about the different ways that baptism has been clarified in the Mormon book. This will include proper power, the example of Christ and more. I hope that these visuals and scriptures will really help you better understand baptism. This idea came from the following CFM tip: Read 2 Nephi 32:8-9 together and ask the children to share what they learn about prayer from these verses. What does it mean to pray always? (verse 9). How can we do that? The diagram I created points to the girls' head, eyes, arms and legs. How do you point this out in your class help us understand that everyone plays an important role when we pray. Take the concept one step further and talk about how we can pray always according to 2 Nephi 32:9 How-to-pray-chart-download Sunday school lesson Help: This is the way every week as you prepare to teach Sunday school I would like to help by creating a simple work page. The work page selects one of the key ideas and helps you really immerse yourself in what it means. More importantly, it will help you teach how it can be applied personally to members of your class. This week's main idea: He who endure to the end of the same should be saved Use the work pages below to help your class which means to endure to the end. They can use the scriptures to help answer questions about the solid to the end and righteous examples from the stories of the Book of Mormon. You'll also find a great quote offered in the extra helps printed on your work page 2. It's from Dieter F. Uchtdorf and dives further into what it means to endure through. it-it-endureth-to-end-Sunday-school-lesson-download-that-endureth-to-end-Sunday-school-lesson-page2Download-conclusion-I hope you enjoyed the lesson ideas I provided for you today!
