## Cape cod mall movies times

What make a movie great? Sometimes the acting of the actor is so unforgettable, it attracts our attention. Occasionally, the movie is visually amazing, so you can't forget it. I've put together a collection of 30 best movies of all time. To warn you in advance, this is not a normal movie snob list of black and white classics or foreign movies which means showing off my knowledge of classical movies. These are the movies we want to see because we want to see them. Avatar (2009) Avatar is one of the most visually beautiful movies ever made. Even those who complain about the special effects of the movie dropped their jaws when they saw it for the first time. The film entered a three-dimensional 3D era and pushed modern film technology into a new era. Under its beauty, the film features love stories and social messages between species. Avatar is a must-see for any movie fan. Best Quote: Jake Sally (Sam Worthington) I became a Marine because of hardship. I told myself that a man can pass any test he can pass. All I've ever wanted was something worth fighting for. Skerface (1983) There are a lot of gangster movies out there, but Skerface is easily quoted the most. The story of Cuban immigrants turning maniac gangster Tony Montana is inscribable from front to back. The first chainsaw scene still gives me a shiver. As he gains more power, his greed begins to get his best. He will make some bad decisions that will lead to one of the best death scenes in movie history. Best Quote: Tony Montana I need a person like me, so I can point my finger and say, 'That's a bad thing.' So... Does it make you? You're not good. You just know how to hide, how to lie. I don't have that problem. I, I always tell the truth. Even if I tell a lie. So good night to the bad one!28. Notebook (2004) For full disclosure, I must admit that I have never seen a notebook. The reason I know it's a great movie is because every time I tell a woman I've never seen it, she tries to convince me to watch it. The basic premise is that a boy falls in love with a girl. They have a up-and-come-old romance, some conflict gets in the way and ends together when they get old. This movie is a bar where many women measure men. Best quote: Noah (Ryan Gosling) said, I'm not special. Only ordinary people with common ideas have lived a common life. There are no monuments dedicated to me, and my name will soon be forgotten. But in some respects, I have succeeded in glory as much as someone who has ever lived: I have loved others with a heart and soul. And for me, this has always been enough. 27. Audition (1999) I judge horror movies in full of how manyThe comics I have to watch then so that I can go to sleep, and auditions are easily 10 toon movies. Widow auditions a woman for his new wife He chooses a young beautiful woman named Asami Yamazaki (Aiki Shiida), who turned out to be the character of the most creepy psychotic movie of all time. Yamazaki has a scene of torture, so they can hardly see, and the joy she take to her work is beyond anxiety. Best Quote: Asami Yamazaki: Kirikiri Kirikiri! (Translation: Pain Pain Pain Pain!26. Young Frankenstein (1974) Mel Brooks is the King of screwball comedy and Young Frankenstein is the movie scary movie it wants. The cast provides a brilliant line with perfect comedy timing. Igor's sarcastic reaction to Dr. Frankenstein (Gene Wilder) cracks me every time. If you have a negative impact on old movies, this is what will change your mind. Best Quote: Igor: Dr. Frankenstein: Fronkensteen Igor: You're putting me down Frankenstein: No, it's pronounced 'Fronkensteen'. You must be Igor. Igor: No, it's pronounced 'Igo'. 25. 1 percent (2006) One percent is the second in a documentary by Johnson & Johnson heir Jamie Johnson, recording a lifestyle that 99% of us never have. Jamie, who was born rich, sees the lives of the richest families in America and gives the rest of us. Jamie's father Jim spends the majority of the movies against it. With the collapse of the artificial housing market just after that and the occupation movement five years later, it's easy to see what he's afraid of. Best Quote: Jamie Johnson: The top 1% of Americans like my family and I own about 40% of the country's wealth and share more than 90% of our total net worth. 24. Cinderella Man (2005) James Braddock (Russell Crowe), a launched boxer who fights against impossible odds to compete for the heavyweight title, is one of the most memorable underdogs of the film. Cinderella Man is all you want in a sports movie. Best Quote: James Braddock I must believe that when things are bad, I can change them. 23. Bad Boys (1995) Hatred on Michael Bay you want, a man knows how to make an interesting movie. Bad Boys is a buddy cop movie that never ages thanks to the personality of Will Smith and Martin Lawrence. Filled with flashy car chases and spectacular shooting, this is a movie that you can sit down and watch at any time on TV, no matter how far away it is. Best Quote: Marcus Barnett (Lawrence) You made me think you were going to shoot me for a minute Mike Lowry (Smith) I Was There 22. Unforgivable (1992)He went mad and started talking to chairs, and Clint Eastwood was responsible for some of the most classic Westerners in American movies. Unforgivable, he plays will Munnie, a retired Gunslinger who convinces him that his old friend Ned (Morgan Freeman) will collect prize money from several hookers. Along the way, they encounter other bounty hunters and hard nose sheriffs (Gene Hackman). Best Quote: Will Munnie ALL right, I'll come out. Whoever I meet there, I'm going to shoot him. Any sumbitch shoots me, not only will I kill him, but I'm going to kill his wife, all his friends and burn down his house. 21. Leon: Pro (1994) This story of professional assassin Leon (Luc Besson) is dramatic and hearty. Leon: Professionals are one of those movies that you can't help rather than stand by murderers who have a deep heart of gold. Best Quote: Leon Rifle is the first weapon to learn how to use so you can keep a distance from the client. The closer you get to the pros, the closer you can get to the client. For example, a knife is the last thing you learn. 20. Love and Basketball (2000) Many romance movies are hard for men to watch, but love and basketball go a long way to drawing men into this chick flick genre by embedding the underlying sports theme. Quincy (Omar Epps) and Monica (Sanner Lasan) met on the basketball court as children, and their love-hate relationship continues to cross their lives as they live their individual dreams of playing pro ball. Best Quote: Monica: It's a trip, do you know? Wounded Locker (2008) War. What is good for it? It's not a propaganda movie. It doesn't stand by. It focuses on the decisions faced by soldiers, especially SFC William James (Jeremy Renner). Heart Locker is a war movie and technically sound thriller at the same time. I don't believe in war, but I believe Heart Locker is the second best war movie ever made and shows the good and bad of all the soldiers. Best Quotes: SFC James You'll love to play with it. You will love to play with all your stuffed animals. You love your mom. You love pajamas. You love everything, don't you? Yes. But what do you know, buddy? Some of the things you love may no longer look so special. 18. Princess Bride (1987) FairyThe movie is a dozen dimes. Princess Bride is standing head and shoulders on them. It's enough playful children's movies for adults to love too. You have everything you need for fairy tales, including the mysterious hero (Carrie Elwes), the giant (Andre the Giant), sword play, the princess, and a happy ending. Princess Bride is a way to remember everything that is right about mankind. Best Quote: Westley (Elwes): If you're in such a hurry, you can put down ropes and tree branches or find something useful. Inigo Montoya (Mandy Patinkin): I can do it. I have a rope here, but I'm just waiting around to kill you, so I don't think you'll accept my help. Westley: It puts dampers in our relationship. 17. Inside Man a Cop (Denzel Washington) What's really great about isidemem is the tension between cats and mice. As the story progresses, you will find that this is much more than your average bank robbery. It's not just the money they're after, and even if they know they're going to get away with it, it won't take away the shock of how they look. Best Quote: Dalton Russell (Owen): By this time next week, I'm going to suck down Pinakorada in the hot tub with six girls named Amber and Tiffany. Keith Frajer (Washington): If you know what I mean, it's like taking a shower with two men, Jamal and Jesus. And here's the bad news: that you're smoking? Bill & Ted's Fake Journey (1991) The Godfather 2 is often cited in the sequel discussion over the original movie, but Bogas's journey is a spot on that list. Bill S. Preston, Esk, (Alex Winter) and Ted Theodore Logan (Keanu Reeves) were models of lazy young people's ways before Bibis and Butead. The first Bill & Ted movie explored time travel most in the phone booth, but the second movie ups Ante as the death of a dim pair of battles that travel through heaven and hell. Under Shock, a fake journey is a nimble look at a scary subject. Best Quote: Bill: And here, our bass player, Duke of Spook, Dok of Shock, a man without Tan, please greet the death himself, Grimm Reper. 15. Mr. and Mrs. Smith (2005) This is the movie that Brad Pitt & Angelina Jolie met. It's easy to look at the chemistry on their screen and see how they lasted so long. No matter how many times this movie comes out on TV, it's hard not to watch it. Filled with shootouts, explosions, comedies, romances and flat-outs, the Smiths are spy movies with something for everyone. That's not what you think. It will invite you to just sit, stare and smile. Best Quote: John Smith (Pitt) Your objective is as bad as your cooking lover. And it's saying something!14 Actually Love (2003) Love actually followsThe story of eight British couples treating love in a very different way. It's a romantic comedy and a Christmas movie, but it's never a good thing. It's a moving comedy filled with amazing moments. It is impossible to watch this movie without laughing, crying or falling in love with at least one character. Love is actually the best romantic comedy ever written. Best Quote: Billy Mack (Bill Niggy) Hiya's Children. This is an important message from Uncle Bill. Don't buy medicine. Become a pop star and they give them for free!13.Goodwill Hunting (1997) Attitude Problemd Careman (Matt Damon) must choose to solve complex math problems at MIT and become a psychiatrist (Robin Williams) and become a respected mathematician with his street life. Goodwill Hunting is an attractive drama with great writing, brilliant acting, and intelligent stories. The movie explores a lot of philosophical angles to the human experience in a way that will draw you in. Best Quote: Sean (Williams) So if I ask you about art, you'll probably give me skinny of all the art books ever written. Michelangelo, you know a lot about him. Life's work, political aspirations, he and the Pope, sexual orientation, the whole piece, right? You've never actually stood there and looked up at its beautiful ceiling. I saw it. 12. Buffalo Rohm (1980) While Johnny Depp is often praised for portraying cultural icon Hunter S. Thompson, Bill Murray first nailed it to the head. Where Buffalo Rohm mashes together some of Thompson's writings on his adventures with lawyer Oscar Zeta Acosta. Murray provides a great performance and captures everything we love about Thompson perfectly, and he could be more than just a comedian. Best Quote: Hunter in my case, I don't like to advocate drugs, alcohol, violence, madness to anyone. But in my case it worked. Back to the Future (1985) Back to the Future is a time travel movie filled with memorable characters. Biff (Thomas Wilson) is a typical bully with some of the most important lines in film history. Doc Brown (Christopher Lloyd) inspired his children's generation to become scientists. But what's really great about the movie is that the main character Marty McFly (Michael J. Fox) is an ordinary child in a crazy situation, and he's going to overcome it. If he can overcome it, anyone can do it. Best Quote: Doc Don't worry. As long as you hit that wire with a hook that connects at exactly 88 miles per hour, the moment the thunder hits the tower. The story of a 35-year-old video game tester who was forced to live with his grandma and her Golden Girl roommate, it's literallyinteresting throughout. Usually full of Zannie characters played by actors trapped in bit roles, the film is a hilarious gem in the mountains of modern comedy. Everything about Grandma's boys is best when you look high, but it works soberly as well. Best Quote: Jeff (Nick Swarson) What does high score mean? Did I break it? Showshank redemption (1994) The story of two men forming a friendship during a long prison sentence, Shawshank is the best prison movie ever made. Morgan Freeman's narration is so good that he started his second career. Andy Duflesne (Tim Robbins) is the kind of hero every movie should have. The dialogue and plot is great. After a few miles of sewage, Duflesne dances in the rain is an epic movie moment. You'll want to run outside and dance with him. Best Quotes: Red (Freeman) When they put you in that cell. And those bars slam home. That's when you know it's real. There's nothing left but all the time in the world to think about it. 8. Pirates of the Caribbean: Curse of Black Pearl (2003) When the teaser for this movie first appeared in theaters, we were all in doubt. How can Disney turn a subparride into a two-hour epic? Jack. Sparrow. Johnny Depp's role as a drunken, smart-mouthed, and shipless, witty captain made pirates an instant classic. With a rich cast, beautiful sets, comedy, action and a brilliant mix of dramas, the Curse of Black Pearl has rolled into a rare live-action gem that is all we love about Disney. Best quote: Captain Jack Sparrow I, I'm dishonest. And a dishonest man who you can always trust to be dishonest. Honestly. That's the honest thing you want to be careful about. Because you can't predict when they're going to do something incredibly. A fool. The reason network (1976) network is so great is that it is a universally realistic depiction of media in society. TV anchor Howard Ber (Peter Finch) gets tired of dealing with social illnesses, so he lives on the air and gives the most epic speech in film history. His brutal honesty will revive his career and become an instant icon. The TELEVISION network is using his anti-regime for profit. The star power of the beer grows until it finally pops, and he must be disposed of. As the digital society progresses, the message of the network becomes more and more important. Best Quote: Beer I don't know what to do about depression and inflation and crimes in the street with Russians. All I know is that first you have to get angry. You said, 'I am a human being. God will do it!' I want you guysGet up from the chair. I want you to get up right now and go to the window. Open it, stick your head out and shout, 'I'm as angry as hell and I'm not going to take this anymore.' 6. BraveHeart (1995) Braveheart is the best war movie ever made. Period. Mel Gibson directed and starred in this epic film about William Wallace (Gibson)'s war for freedom from British rule in Scotland. The battle is brutal and graphic. The speech is exciting. Braveheart's shooting and soundtrack are so moving that you can see that you're actually enjoying the music of the bagpipes. With Closing Credits, paint your face blue and FREDOOOONMMM until the !!! You'll want to shout. Best Quote: Wallace Eye, fight and you may die. Run and you'll live. At least for a while. And dying in bed many years later, would you be willing to replace all day from this day for one chance - there is only one chance to come back here and tell our enemies that they might take our lives, but they won't take our freedom!5. Gandhi (1982) Richard Attenbolo's three-hour biography of Mahatma Gandhi (Ben Kingsley) is the best biopic ever made. Gandhi was the lawyer who liberated India from British rule. When William Wallace battled with his sword, Gandhi battled violence with non-violence and compassion and became one of the most revolutionaries in human history. The film covers as many highlights as possible from his life and shows his wisdom on how anyone can follow in his footsteps. Best Quote: GandhiWhen I despair, I remember that the way of truth and love always won. There may be tyrants and murderers, and for a while they may seem invincible, but in the end they always fall. Think about it: Always 4. Caddy Shack (1980) Golf is definitely the most boring sport to watch. Starring an array of comedy legends at the top of their game, it is a visually beautiful movie as well as a ride of laughter. With multiple simultaneous stories, different comedy styles, great soundtracks, and the best pool scenes in the movie, watching Caddy Shack feels like a party where everyone is invited. Best Quote: Thai Webb (Chevy Chase) You are pretty attractive for a beautiful girl with a wonderful body. 3. The Dark Knight (2008) The Internet erupted in anger when it was announced that Heath Ledger would play the Joker in the new Batman movie The Dark Knight. He won't be as good as Jack Nicholson, we shouted. I should have been able to live to see Heath Ledger fall the collective jaws of the world. Ledger Joker is the best character performance in movie history. The Dark Knight is not just the best Batman movie. It's not just the best superhero movies. It's one of the best movies ever made. Best Quotes: Joker (Ledger)Do you want to know why I use a knife? You can't taste everything. In their last moments, people will show you who they really are. So, in a sense, I know your friends better than ever before. Do you want to know which was the coward? It's a pure movie glow. It is a science fiction movie featuring weapons of mass destruction of a huge alien robot. After crashing into Earth, he was rescued by a young boy named Hogarth (Eli Marienthal) and they develop friendships. The movie approaches war and world destruction from the eyes of children. It will make you fall in love with the robot. If you haven't cried by the end of this movie, you're a robot. Best Quote: Hogarth (Marienthal) Oh, here. This is Superman. He looks like you. I landed on earth and didn't know what he was doing. But he only uses his power for good, never for evil. 1. Forest Gump (1994) Forest Gump is the best movie ever made. If everyone in this world had only a small part of Gump's mind, we would solve all the problems in the world. The soundtrack is classic. Tom Hanks is great. Forest constantly overcomes the adversity of the whole movie. His life consists of all heroic acts of news on any day. Everything about this movie is perfect, from the first second to the last credit. You can see it 100 times and you'll never get tired of it. Forrest Gump is the reason why movies exist. Best Quote: Forest Fools are the same as fools.
