We know where we can get it, thank you very much.thank you very much indeed, thank you very much from Collins 1 Say merci to French New from Source Translation theCollins English. One word authority is the most common way to say thank you in French. It is used by all French speakers and will be understood all over the French-speaking world. [2] Merci is used in both formal and everyday environments and my spelling does not change regardless of the person you thank. If you want to accept something that is offered to you, you can say merci while smiling and shaking your head. Likewise, you can turn down something that is offered by saying merci when shaking your head. 2 For politeness, add madam (mah-DAHM) or monsieur (muh-SYUHR). If you're talking to someone you don't know, especially someone older or in an authoritative position than you, follow your thanks with the appropriate French word for ma'am or sir. [3] Use these words when you call someone a lady or sir in English. When in doubt, let it fix you if you are in favour of kindness and the other person does not want you to address you in such an official way. 3 Use adjectives to show extreme gratitude. Sometimes a simple word authority doesn't seem to be enough. If you want to emphasize gratitude to the person, there are a few words and phrases that you can add to it. [4] common authority is beaucoup BOW-koo), which means thank you very much or thank you very much. Another common statement means mille fois or mille mercis, which means thank you a thousand times or thank you a thousand times. Follow your tone when you say 4 merci bien. The word bien (BEE-ehn) means good or good and means thank you very much when used with the authority. However, French speakers can interpret this particular phrase as sarcastic. [5] For example, someone is Merci bien, mais j'ai pas que ça à faire! Or thank you very much, but I have better things to do! he can say. When in doubt, it is usually better to use merci beaucoup instead of merci bien. 5 Add pour (pohr) to thank someone for something specific. The word bulk means for in French and is used before the name of the action or object given to you. If you are an English mother tongue, remember that alcause this word is written in english with the verb pour, it is pronounced more like a pore. [6] For example, you can say thank you for merci pour les fleurs or flowers. 6 Try c'est vraiment gentil de votre/ton piece (VRAY-mahn ZHAHN-tee duh VOH-truh/tohn pahr). If someone does you a favor or offers you something, you might want to add a statement of how beautiful they are. This phrase literally means really beautiful by you. Use Votre for elderly people you don't know, for friends, or for people your own age and younger. [7] Use this phrase in the same contexts when you say this is very pleasant or what kind in English. As in English, you can combine this phrase with the word merci. For example, if you are sweating on a hot day and someone has offered you a cool glass of water, C'est vraiment gentil de ton piece, merci! you can say. 1 Watch my insides. Remercier means to say thank you in actual French, but its use is much more formed than using the similar verb in English. Generally speaking, this verb is best used in formal, written communication. [8] You can also use it by speaking in more formal settings, such as during a job interview or when talking to law enforcement or other government authorities. 2 Combine the verb correctly. In most cases, you use the first-person singular format of the remercier verb because you are the one who thanks someone. If you express your thanks on behalf of yourself and someone else, use a first-person plul. [9] Remercier is a reflexive verb. Be careful to put it together based on the subject of the sentence, not the person you thank. Use the official reflexive pronulsion vous for people older or more authority than you. To say thank you, you can say je te remercie (zhuh tuh ray-MAIR-see) or je vous remercie (zhuh voo ray-MAIR-see). To say thank you, nous te remercions (no tuh ray-MAIR-see-ohn) or thank you derdiniz. derdiniz. voo ray-MAIR-see-ohn). 3 Add the thank you object. Just like when you say authority, you can use the word pour to indicate that you are especially thanking the other person for what. This was most often to be used when I thanked someone long after you gave it or for something that had been done for you before. [10] For example, if you saw someone send you flowers for your birthday last week, you can say thank you for Je te remercie pour les fleurs or Flowers. 4 Thank you Express with remercier when writing letters. The expression of gratitude usually appears at the end of a letter, such as when you want something in a more formal context than a business or government official. [11] For example, if you are writing a letter to an employer to apply for a job, you can end your letter with je vous remercie de votre attention, which means thank you for your interest. 5 Use the noun format of the remercier in my official writing. As in English, the French verb remercier can also be used as a name. Create the name format of the verb by dropping the end and adding -ments. [12] The word Remerciements is often used in a letter or email when thanking someone. Finally s shows that this is a plul word - thank you. It is often used singu as a single, not a plul. Don't forget to add the les article in front of it. For example, if you are conveying someone else's gratitude, you can write that you have the thanks of Tu as les remerciements de Pascal or Pascal. Remerciements can also be used to close a letter. For example, you can write avec tout mes remerciements, which means with all my thanks or all my gratitude. 1 Say de rien (duh RREE-ehn). This is the easiest and most common way to respond when someone expresses thanks to you. Literary translation is nothing, but English is nothing or Spanish is also used in the same way as to say nada. [13] The word Rien uses French R, one of the most difficult French voices for English speakers to get right. French R is a guttural sound pronounced from your throat, not a language like English. You can also say ce n'est rien (suh nay RREE-ehn), which means nothing more directly. 2 Use merci à toi (MAIR-see ah twah) to thank someone in return. There may be situations where someone thanks for something that really should be thanked to them really feel like you are. That's like saying no, thank you in English. [14] Don't forget to use vous instead of toi with seniors or strangers to show respect. 3 Alternative province n'y a pas de quoi (eel nee-YAH pahs duh kwah). As in English, there are several phrases that you can use when someone says thank you in French. Although literary translation is meaningless in English (there is literally what), Il n'y a pas de quoi means nothing or mention of it. [15] This statement may be used in both casual and more formal conversations, regardless of who you thank. 4 In comfortable environments, say rust de problème (nah duh prahb-LEHM). When a friend or acquaintance expresses their gratitude, you can respond with this phrase, which means no problem or no problem in English. [16] If you don't know when to use this phrase, consider when to say no problem in English. You probably wouldn't use such an ordinary expression with someone much older than you or a civil servant. 5 Try je vous en prie (zhuh vooz-ahn pree) or je t'en prie (pree more zhuh) while talking more formally. This phrase literally means I'm begging you, but it's used in situations where you want to impress the person who thanks you for not needing their gratitude. [17] When deciding when to use this phrase, Please! Don't talk about it! These situations are perfect for je t'en prie. Since it is usually more formal, it is more likely to use vous with this phrase. Use 6 Quebec bienvenue. The word bienvenue literally means welcome, as in the word you would use to admit someone somewhere. Although this word is not often used as a response to thanks by other French speakers, it is common among Québécois. [18] For example, if you were in a café in Montreal and thanked your server for bringing your coffee, the server may respond to bienvenue. Add New Question French How do I say thank you for the document? Merci pour le document. The question is, in French, how can I say you're my best friend? Tu es mon/ma meilleur(e) ami(e). Use a masculine mon for a woman and a masculine ma for a woman and eventually add an e to her' girlfriend. The question is Thank you in French and how do I say I love you all? You say it's aimed at je vous tous because you say thank you, merci and love you all! The question is je te remercie and je vous remercie has e at the end, right? Yes, there's an e! Question French How do I say thank you so much for your warmest birthday wishes? Birthday wishes are souhaits d'anniversaire, thank you very much, merci beaucoup. The full sentence will be Merci beaucoup pour vos souhaits d'anniversaire les plus chaleureux. Question How do I say thank you for the second chance? Merci de m'avoir donné une is a second chance. (Literally, in English, thank you for giving me a second chance.) Question French How do I say we hope to see next year? Nous espérons te voir l'année prochaine, if you are talking to a person and the context is informal. Nous espérons vous voir l'année prochaine, if you are talking to one person and the context is official or you are talking to more than one person. How can I say I appreciate your service? You say j'apprécie les services que tu me rends (literally, I appreciate the services you provide to Me). Question Thank you so much, how can I say you're so cute? Say: Merci beauty, t'est trop gentil. Translation: Thank you very much, you're very good. Question How can I identify myself as a boy or a girl in French? Bounjour, what are you doing?
