Download Guests can't request updates! Bricks Breaker quest - arcade time-killer for Android, reminiscent of the classic Arkanoid. Here the player will run the balls to the wall, consisting of blocks of varying strength. To smash as many pieces as possible, you must choose a competent and angle to launch the projectile at the target. After each turn, the wall falls lower and lower, so you need to aim as carefully as possible. Different accelerators and different types of balls with certain properties and power can accelerate the destruction process. Rest in bits of balls? DownBlade Pick Me Up Bang The Blocks Pick The Gold Andro-Mod Games Mod Bricks Breaker quest (MOD, Unlimited Money) Bricks Breaker quest - a modern Arkanoid that offers to break the colorful blocks that appear on the playing field with a special set of balls. The goal is to hold on until a couple of blocks remain on the screen, and there are not enough points on the score to get into the leaderboard. Despite the familiar ideas and mechanics behind the Bricks Breaker quest, the puzzle allows you to plunge into a trance because of the meditative gameplay. Blocks appeared on the playing field, but the balls began to move around the screen, push off the walls, bring bonuses and explode special effects. You can't be distracted. And after the passed roving there is a desire only to move on to the next. This game is one of Google Play's favorite bytes in the Editor's Choice category and has received some good reviews. Although the game is made in a style that has already been produced in several games and can not say that bricks Breaker quest has a corporate style, there are some features and interesting changes made to the original game. Make the Bricks Breaker quest a special name. Just like any other brick breaker style game, you have to destroy the bricks or houses shown in the box by shooting guns at them. At the beginning of the game at the top of the screen, there are several houses (bricks), each with special numbers written on it. For example, if the number 20 is written in the house, shooting 18 balls to it, the displayed number will be changed to 3, and if the other 3 balls hit it that the house will disappear and disappear. River! Similarly, you have to destroy all the houses on the screen by shooting a cannon at them. Brick Breaker Mod apkBricks Switch Maud Apk you have hundreds of balls, but the point of shooting and shooting will determine your success or failure! Your guns will only work until they hit the bottom of the house or wall (that is where they were fired from). If their path ends at the bottom of the screen and comes out of the box, you lose those balls. So obviously you have to shoot these guns to move through the brick paths and destroy them along the way, hitting houses and continuing to hit houses and deflect. These games come in different styles, but in the Bricks Breaker quest you have to hit as many shots as you can as balls, houses and bricks go down one step at a time. If they reach the bottom line you will lose the game! The Bricks Breaker quest is a compact and simple game with dozens of fun and challenging stages. At the higher stages, working conditions become more difficult and the excitement will be much higher. Here's how you can get this beautiful and challenging game in regular and moody-free and farsighted free fashion and have fun for a few days. It's worth noting that the game has scored 4.6 out of 5.0 over 10.5 million downloads on Google Play.Bricks Breaker quest Maud Apk Changes in v1.0.83: There are no changes to Google Play for this release. : 4.4 and above Market Prices (for information!): Free Age Game: 7 years bricks breaker quest hack mod apk download
