With this category, you'll find all the inspirations, tricks and ideas to decorate your home cheaply and adopt a more sustainable lifestyle at home. Small or large space, budget more or less narrow, alone or with family ... Regardless of your surface and needs, look in this recommended category to make each of your rooms a more convenient, comfortable, durable and aesthetic space. 3 - Note the locations Report anything beyond the walls: radiators, plumbing, etc. Spot evacuation and water infed. If there are plans to move them, report their new location. Measure and note the location of switches and power outlets. If there are to be new ones, write them down too. IKEA Kitchen is designed to withstand the vagaries of everyday life. And day after day, year after year. We are very confident in the quality of our products that many of our kitchen elements are guaranteed for many years, without being more expensive. Read more We all have good reason to love IKEA. Whether it is building a small studio with multi-functional furniture and saving space, decorating the room, choosing new sofas for the living room, rethinking the storage of bathrooms ... Or just to get inspired and come up with ideas for the house. Here at Homelistsy, the IKEA catalogue doesn't just serve us to know what we'll find on the shelves. It's also a stylish book that really gathers great deco trends for next year. Today, we are interested in the IKEA category for cooking. Here's what will be the trend for the most important room in the house! #1 - Increasingly dark kitchen furniture A green kitchen, from the latest IKEA kitchen category A strong decorative trend in 2020, has been discovered with hunter green. Kitchen furniture is getting darker and darker. In this kitchen from the IKEA catalogue, the atmosphere is both warm and classic. An optimized small kitchen, with black furniture (IKEA kitchen catalogue) An optimized small kitchen, there is no shortage of personality. Black furniture enhances the elegance of the room. The white desk offers contrast. Married to wood, black does wonders. Stock up on ideas with our 16 black and wooden kitchens. #2 - More and more trust original elegant black furniture and original trust, this kitchen from the IKEA category is fashionable! Trust trends in 2020? No longer consider it only for its decorative aspect and function (protection of walls), but also give it separation function The initial position of trust makes the transition between the kitchen and dining area (IKEA kitchen category) In this open kitchen of the IKEA category, the trust installation is the original, it allows to make the transition between the kitchen area and the dining area. #3 - Open/close the open/closed wall storage wall in the latest IKEA kitchen category Opening shelves or closed wardrobes? The question is, whether or not! IKEA launches in its new kitchen category a layout that is both unique and practical. These modular furniture combines two options. Some items are open, used as storage niches, others are closed. We have the opportunity to reveal beautiful dishes and slide cook books. #4 - Food panties increasingly decorate A pantyhose in the closet (IKEA kitchen catalogue) Transparent jars with beautiful labels are increasingly being used for storing and storing food, it is an alternative to plastic in the kitchen that allows gradual application of non-waste. By 2020, the panties are becoming more and more decorated! And there is no need to have a dedicated room, a wardrobe that performs the trick. It is enhanced with accessories of course functional and practical. Wooden crates are always appreciated for having gathered different cases. #5 - Sustainable dishes - colorful, durable and recyclable dishes with talrika series from IKEA Kitchen Portfolio Increasingly colorful dishes by 2020, at least that's the trend we're exploring in the latest IKEA catalogue. It is also sustainable and recyclable. The Talrika line from IKEA's latest kitchen catalogue is made from plant plastic. It is designed to promote a sustainable lifestyle at home. What do you think of kitchen decorating trends? What's your favorite idea? Discover other trends and ideas in the new IKEA portfolio.
