Hunting with us is like hunting with family. We have worked hard to assemble a team of experienced, discreet, respectful and focused guides to help you get the bull for life. Our guides have more than 50 years of experience hunting for Roosevelt elk, as well as hunting and guides throughout North America. The quality of our team shows how we run our hunts and how many of our hunters succeed. Every day we will have a hot breakfast and give you a huge lunch. Once we leave the lodge, we'll go on a fair chase hunting for thousands of acres of public access and private property. Muzzleloaders and archers hunt during rut; modern gun hunters go a little later. Usually we hunt on foot, but we will use mountain bikes and boats if that is what it takes to find the best bulls and restore the meat. One of our goals is to help you become a better hunter, so along the way, our guides will show you the hunting and challenge techniques that can be used on your own hunting for years to come. Once your bull is down, we will help you get it out of the woods and into our walk to the cooler where it will stay chilled until you leave. At the end of the day, we head back to the Lodge for a hot shower, delicious lunches, and comfy beds. More than anything, we love the Moose Roosevelt hunt and want to share with you our love for these magnificent animals. We look forward to showing you how much fun it can be. In the Pacific Northwest we offer hunting for the kinds of Roosevelt North American elk during rifle, muzzleloader, and archery seasons. The Rosies are more bodily animals than their relatives, Rocky Mountain elk, with heavy horns darkened by the friction Douglas spruces and alder found in their habitat. Bulls that can top 1,200 pounds live in a thick day cover and use our controlled fields as a regular food source early and late in the day. Hunters are guaranteed to see moose on the hunt and it's just a matter of seeing the right Be able to make a shot. Fully controlled hunting takes place with wood stands and ground blinds. Why chase moose all over the mountainous terrain where they often see you first offering little or no shot opportunity. We can bring them to you for a quality shot shot From your stand where the gun rest will ensure that you are able to make a shot. Bow hunters will appreciate the fact that not only will bugling bulls be in food precincts, but will also range from their 20 or 30 yard site pin as they munch on the apples we bring to booth locations on a daily basis. No more calling in the bulls just so they herd their cows in the other direction or hang on 80 yards before winding you and bolting. Instead, watch the moose move naturally to their food source and interact with each other until your shot opportunity presents itself. Our season muzzleloader is one you want to seriously consider. Happens in the first week of October these hunts to catch the tail end of the rut so the bulls are still bugging. The big boys are still with herds and half the fun watching the rut-up before dropping the hammer on the bull. This is the only hunt other than archery where you can hunt elk and deer at the same time. After the hunt you can sit back and enjoy home cooked food and a comfortable camp, listening to other conversations about the exciting day of chasing Rosys. Your guide will not only put you on the stand for a great shot, but he will also take care of the skins, cover, apartmenting, and deboning of your game, so it's ready for the CPU. Hunting for archery, rifle and musloader. Seatac or Portland Airport pickup are available. Fully guided Camp Hunt is \$5,500.00 Fully guided Lodge Hunt is \$6,100.00 (hotel/restaurant accommodation) Half-winter, With food and shelter is \$3,500.00 (see Semi Guided Hunting for Information) Click our camps to see our hunting camps click license and seasons page for this information We make planning your next hunt as simple as picking up your phone or sending an email. These huge bodily islands of Vancouver Moose can tip the scales at 1,000 pounds, with horns that are well known for their massive circumference, palm trees and cluster coronations. They resemble a European red deer much more than a typical Rocky Mountain moose. Vancouver Island, British Columbia, Canada consistently produces huge Boone and Croquet and Safari Club International Bulls. Most of the 50 best bull moose in the world have been harvested on Vancouver Island, British Columbia, in recent years and records continue to be beaten. Canadian guides and Outfitters also hunt in the unique archery-only bow hunting area. This is an area where herds of elk have never hunted anything but archery and crossbow. Hunting trips begin with our archery season on September 10 in the heat of a rut, when the bulls are the most vocal and resort to the slightest cow call, and then our hunt Oct. Our experienced guides use a variety of hunting techniques including lots of glass, call and spot/stem using forest roads and clear cuts as access to these flock of elk. It's ten days, 1x1 moose hunting based on a very very very private cottage with excellent food. Check the hunting schedule to see what species you can combine with this hunt. Roosevelt Elk Hunt Offered Equipment List One sighting rifle 300 Cal, or archery equipment Binoculars Layer Clothing Light Weight Hunting Pants / Jacket (Silent Stuff) Medium Weight Hunting Pants / Jacket (Silent Material) Good quality Raingear Tops / Lower Waterproof Hat Waterproof Gloves 1 Pair of Waterproof Boots 1 Pair of Waterproof Boots Score 372 SCI. You need Rosie to qualify for your North America 29. Another type of elk hunting. The terrain they live in can be very rugged and humid because many of them live in the rainforests of northwest North America. Our outfitters take BIG bulls every year. Roosevelt moose are hard to hunt because they often don't bugle much, but our hunters have had great success on the big bulls! We have some great hunts to choose from and we will break them down below or you can contact us for more information. (208) 991-4868 Outfitter: CIA2 Roosevelt Elk Hunting British Columbia If you're looking to collect a flat from a giant Roosevelt moose, this British Columbia moose hunt is one for you! The following year, they took the bull scoring 395 SCI. And today, this moose hunting outfitters are the largest recorded bull estimating an incredible 416 inches! Your hunting accommodations are unique houseboats overlooking the beautiful mountains and waterways of British Columbia. Whether you tag early or just combo up, a blacktail deer or a coastal black bear hunting in tidal flats is available for an extra trophy fee. Or you can sit back and enjoy trout and red perch fishing from the comfort of your float house before dinner on a fresh Dungeness crab while you take in the beautiful scenery with a glass of wine or a cocktail. Contact us for Pricing and Accessibility Outfitter: SPO1 Oregon Roosevelt Elk Hunting Guides This is a solid hunt for a Roosevelt moose in Oregon with great gear. With success of about 75% and almost every hunter having the opportunity to fill the tag your chances with this outfitter increase. The quality of the trophy is also a major plus for this hunt, as 90% of the bow bulls are collected to make Papa and Young! Oregon is one of the hardest places to find and hunt elk. What's so much private dense vegetation, and pockets of public lands here and there. The hunt for Roosevelt's elk could become A nightmare for any hunter trying to find the type of bull they dreamed of. With this guide your chances of fulfilling this dream of life. This outfitter is the largest Roosevelt elk outfit in the state harvesting 15-25 bulls a year through their leases and public spaces. They control more than 30,000 acres of private land. Rifle hunting can include LOP tags (landowner voucher) for non-residents. Expect to spend many hours of glass feeding moose and ruts in clearcuts, natural meadows, and reprod. You will hunt a mixture of 20,000 acres of private as well as public lands and you will not be in competition with public hunters. This hunting is a great option for archery hunters. As elsewhere, the bow hunting of Roosevelt elk hunting in Oregon can be difficult, but this archery-only moose hunt has 75% success! This outfitter has a wealth of knowledge about elk hunting in Oregon. Roosevelt elk live in a dark, lush, patchwork blanket of old-growth wood, clearcuts, and forest reproduction (reprod) with a tangled maze of logging roads often ending up with locked gates - along the Pacific coast from California to British Columbia. To make matters worse, Oregon's habitat is a hodgepodge of farms, woodlands and homes mixed with huge chunks of public land. It will take a lifetime for a DIY bowhunter to figure out where to legally hunt.... This hunt is your solution. All guides are very archery-hunting savvy, and bowhunters themselves. The Colombian black tail can be added based on the trophy board. Contact us for Pricing and Accessibility Outfitter: WGS2 Washington Roosevelt Elk Hunting If you're in the market for a Roosevelt moose, this hardworking, knowledgeable outfitter in Washington won't disappoint, and it's a hunt you can plan without worrying of having to draw a tag! An experienced outfitter works to customize a Roosevelt moose hunting a mixture of private and public places, and accepts trophy bulls every year. It's a city hunt where you stay at a local motel and eat breakfast and dinner at several local cafes. Your guide picks you up early each morning and you travel to nearby hunting grounds consisting of a mix of public and private locations. The outfitter has its own 2,000 acres of property as well as access to thousands of acres of private forestry company land. Over counter tags, about 100% opportunity. Archery, muzzle and rifle options. An experienced outfitter operates a customized hunt for a combination of private and public places. Sleep in bed after a hot shower every night. Contact us for pricing and availability. These hunts are held in western Washington on a 1x1 or 2x1 basis with Outfitter himself participating in each hunt. These Rosie hunts run about 100% opportunity for all arms every year, and they target mature, trophy Roosevelt bulls, especially during archery and muzzleloader seasons. Rifle Rifle 100% success, but more meat / no trophy hunting in November and after the rut.
