With top 8 worksheets in the category - Homework Multiples Factors and Primes. Some of the worksheets displayed are Math linear 1ma0 factors multiple primes, Prime time factors and multiple Grade 6 responses, New primetime factors and multiple books for 6thgraders, New primetime factors and multiple books for 6thgraders, Connected math 2 primetime factors and multiple, Prime factors numbers under 100, Y5 multiplication and division, Prime and composite. Once you've found your worksheet, click pop-out icon or press icon to worksheet to print or download. Worksheet will open in a new window. You can and download or print using the browser document browser options. Grade 7 Factors Multiple Primes - Display top 8 worksheets found for this concept. Some of the worksheets for this concept are Grade 6 factors and multiples, Prime time factors and multiple Grade 6 responses, Ws prime factorization new grade 8, Prime factor trees, Multiple and factors quiz, please don't write about these, Math linear 1ma0 factors multiple primes, Factors multiples and primes. Did you find worksheet you're looking for? To download/print, click pop-out icon or press icon to worksheet to print or download. Worksheet will open in a new window. You can and download or print using the browser document browser options. Clue 1: It tells us that both numbers contain 7 as a factor and share no other. Clue 2:  $70 = 2 * 5 * 7$ , It tells us that the possible numbers are 2, 5, 7, 10, 14, 35, and 70. Because of clue one, we can rule all but 7, 14, 35, and 70. Clue 3: we rule out 7 and the possible numbers are now 14, 35, 70. Clue 4: 35 should be one of the numbers (that's the only odd number). 70 can't be the other one because if that was the GCF, would be 35. The numbers are therefore 14 and 35
