Connection error problem: Failed to get an online profileIf you get an error connecting error: Failed to get an online profile. If you want to repeat or continue your current offline profile, please try this: First, try clicking Retry several times. You may be able to fine if you try again. If this fails, try the following:1.Click: 1.Click button2. Select Profile3.Select Change WBID4.Click you don't have a WBPlay account?. Fill in the form with your existing WBID email address and password6. Agree with the Privacy Policy and terms of service by checking the field for it7. Click Sign up via email again.8 You'll get a message asking if you want to link your save with this WBID, select Yes9.If you don't get a message of success, click Subscribe via email again and then Yes again when asked. If these steps don't work, you can solve the problem by reinstalling the game and going back to WBID, but in doing so you can lose any save progress you made while playing offline. No 2. How do I change my profile name to MKX Mobile? Your name is displaying how other players will identify you. You can change your display name by moving to the menu to zgt; profile qgt; change the profile name. B3. How do I create or restore cloud storage in MKX Mobile? To create cloud saving, you need to log in to WBPlay/WBID with the Profile tab in the game. Once you've logged into WBPlay, your cloud save will be updated every time you play a match or perform another major action in the game. To restore cloud storage after reinstalling the game or installing it on a new device, simply log in to the same WBPlay/WBID account you previously used for the game. If the save is related to WBID, you will be given the opportunity to download it again. Note that downloading WBPlay saves erase current save data on your device. Make sure you don't mind losing the Kollection card you currently have on your device before trying to download the cloud save.
