Browse Home's downloadable sheets of characters Let's build some characters! We have great tools to help you create and maintain your character DCC RPG or MCC RPG right here. Below is a selection of sheet characters that you can use for your game, with some different options available to you. You can also check out our page of pre-created characters that are ready to use. But how about after you build a character? What if you want to take that 0-level gongfarmer and advance it to the master? Or a clergyman, or a thief, or... A what? Sometimes it's a bit daunting if you don't have the experience a pun might have intended. Enter Daniel Bishop and his new cribs. With the blessing of our Dark Master, Mr. Bishop has assembled a handy PDF to help players make the transition from Halfling Navigator to Halfling adventurer and all other aspects of promoting your character. The sheet shows all relevant information for each class, letting you know the initial abilities, spells, skills... Hell, even the names! Each class gets a quick guide and is a wonderful pod help to help players. Now, let's go back to some character sheets! Please feel free to use these character sheets for your Dungeon Crawl Classics games. List of zero-level characters (version (version 2) Clerical character sheet (version 2) Thief Character Sheet (version 2) Warrior Character Sheet (version 2) Wizard character sheet (version 2) Dwarf Character Sheet (version 2) Elf Character Sheet (version 2) Halfling character sheet (version 2) DCC zero-level character sheets DCC Level 0 NPC Sheets DCC Leaf DCC Wizard Of Character Leaf DCC Dwarf Character Sheet DCC Elf Character Sheet DCC Halfling Character Sheet DCC Koryokunu Character Sheet DCC Kitsune Character Sheet DCC Tengu Character Sheet (Last Update: August 2016 - 19 Character sheets) I have prepared a series of characters, sheets primarily for B/X Dungeons B/X Dungeons - Dragons or Maze Lord Landscape Sheet B/X Sheet - Click for PDF Download July 2009 This sheet is a one-way design that covers almost everything you need for a DDD character, with plenty of room for equipment and stuff. There won't be enough space on this kind of sheet for a medium to high level magic user or clergyman because of their spell lists (we just wrote spells on the back of the sheet). (PDF Download) B/X Dungeons and Dragons or Maze Lord Character Folder D'D Character Folder - Click on PDF (August 2009) This two-way sheet is designed to fold in half to form a digest-sized booklet. The most important information is on the cover, and most of the equipment is on the back page. In the middle of the two pages there is room for treasures, spells, and plenty of room for notes. PDF Download - B/X Style with Lines PDF Download - B/X Style Without Lines PDF Download - Maze Lord Style Without Lines Basic Fantasy Character Folder BFRP Character Folder - Click on PDF (August 2013) Based on Dungeons and Dragons character folders above, this has been changed from my original DonsSword files to Basic Fantasy RPG. (PDF Download) B/X Dungeons - Dragons or Maze Lord PocketMod Booklet Pocketmod Maze Lord Leaf - Click on PDF (February 2011) I love PocketMods - for strangers they are small 8-page booklets stacked from a single piece of paper the size of a letter. So I've compiled a sheet of characters for Maze Lord or B/X Dungeons and Dragons in this format. Unfortunately, I don't have the original files anymore, and there's a small error - the AC8 is listed twice on the To Hit chart instead of AC9. But it's a minor screw for such an amazing sheet. (PDF Download) Biohazardous Mutant Future Sheet Biohazardous Character Sheet - Click for PDF (February 2010 Mutant Future is a simple game imitating the look of Gamma World 1e while maintaining near-perfect compatibility of rules with the Lord's Labyrinth. and a dirty sheet for the mutants of the future to play with. (PDF Download) Dungeon Crawl Classics zero level character sheets Kirin Robinson Level 0 DCC character sheet - click for PDF This amazing sheet of characters for DCC RPG was drawn and published by Kirin Robinson of the Gelatinous Cubedand Award-winning Old School Hack RPG. He based the design on my old B/X character sheets, and no longer refers to them on any of his websites, so they are presented here with his permission. These are half-size sheets - two sheets of characters fit on the page, and the second page is a set of torch and lantern tracking cards that are also completely epic and worth checking out on their own! (PDF Download) Dungeon Crawl Classic Character Folders Kirin Robinson DCC RPG Character Folder - Click on PDF More DCC stuff from Kirin. Designed in the same style as the 0 level sheets above, this sheet of characters is designed to be folded into a digest-sized booklet for easy (and sexy!) character storage and access. (PDF Download) Neoclassical Geek Revival Character Sheet NGR Leaf - Click for PDF (July 2014) Taking my hand-drawn style to a whole new level, I designed this new sheet for the fifth edition of Tsakhov Kowolski's neoclassical Geek Revival RPG based on the design it did for the fourth edition. The design elements remain almost identical to the original, but the style is a sharp departure from its original and my own previously character sheet designs. PDF Download RPGNow Develop B/X Dungeons and Dragons or Maze Lord AEC Sheet 2014 Maze Lord AEC Sheet (July 2014) Based on the enthusiastic response I received for the NGR sheet, I decided it was finally time to update my dungeon and Dragons sheets in a similar style. Once again, moving from above in the ornament, it was the end result. The back page of this sheet is the same as the back page of the NGR sheet because I was too lazy to make a new generic back page. (PDF Download) Fifth edition Standing Symbol Folder Paul Longino (February 2015) Modeled 1979 AD'D1e Permanent Symbol Folder, this four-page sheet (well, 5 pages because there are two versions of page 3 to choose from) really hit the point for my fifth edition of the D/D group after a failed attempt to use a sheet that was inspired by my own lists above. (PDF Download) Gangbusters Character Sheet Gangbusters Sheet - Click to download November 2014 Actually based solely on a sheet I used in my sleep, it's trying to bring different elements of the dream sheet together for use with the classic TSR roar 20 in RPG - Gangbusters! (PDF Download) Fast Dirty Empire Petal Throne Character Sheet March 2015 Definitely my least favorite character sheet from the blog. I need a sheet for the game Empire Petal Throne and threw it together quickly on the spot. This is a lot of work to bring it to the level of my other work -- but it remains functional. (PDF Download) Empire petal throne Character sheet v2 Empire petal throne sheet v2 (click on PDF) (May 2015) a much nicer and more ornate version of my previous empire petal throne record sheet, this one-sided sheet also appeared in number 3 of James Maliszewski's Excellent Journey Tom. (PDF Download) Deluxe Tunnels and Trolls Deluxe TRT Character Sheet (September 2015) Not my best job - I don't like how much charisma the box has eclipsed in this version. Definitely need to rework one of these days. (Download) Micro Dungeon Crawl Classics Sheet Micro DCC Sheet (November 2015) A very small sheet of characters drawn to a small 4 x 3 pad paper during the DCC game. There's enough material on this sheet to handle the lowest-level characters. It's only available in jpg format right now (no PDF links, sorry). (Download it here) BroadSword 1PG System Character Sheet 1PG BroadSword Character Sheet (January 2016) Half-page character sheet for 1PG BroadSword system game. While the whole point of 1PG games is that the rules and character of the sheet fit on one page, I wasn't really a fan of sheet design. Thus this one was thrown together one evening. (Download it here) Neoclassical Geek Revival 6th edition of NGR6e Sheet (March 2016) After producing the official character sheet for the 5th edition of the neoclassical Geek Revival, I was tapped again this spring to see if I would be up to making a sheet for the latest edition. It took a few tries, but I'm quite happy with the end result. (Download it here) Empire Petal Throne Version 3 (Portrait) Empire of the Petal Throne Character Sheet (Version 3) (April 2016) My third launch in Empire petal throne character leaf, this version was created in landscape format because most players seem to prefer this format. It's also a lot more ornate than my previous versions and includes a bit more information (including ability assessment modifiers).
