## Monarch academy annapolis

2000 Capital DriveAnnapolis, MD 21401410.934.1444View website of monarch Academy Annapolis, our mission is to provide a school culture that produces students who think critically, the problem is solved creatively, become self-disciplined, know how to learn, and who understand that the purpose of life is to serve the cause more than one himself. Monarch Academy Schools provide a transformable education support approach for an entire child with an engaging curriculum, a strong school culture, and innovative learning environment for students in Anne Arundel County. What makes Monarch Academy stand out in its academic approach is its use of six scientific and evidence-based practices to achieve academic excellence. Explore our academic focus Our school is based on a set of core values - care, contribution and commitment that guide our culture. Apply for an appointment today! MAA PTA: Where care, critical thinking and complex guide our culture! Monarch Academy Annapolis PTA aims to create a positive community for students, parents and teachers. Our mission is to bring the home, the school, the community together, enriching the learning experience of every child. We do this by supporting and embracing our school for our purpose to emphasize art, diversity and inclusion. We achieve these goals by encouraging parental and family participation and participation, providing funding and voluntary support for academic and enriching activities, building a strong school community through educational and family engagement programs, and supporting our teachers and staff at Monarch Annapolis Academy. Each school was then asked to consider which strategic plan indicators would have the greatest positive impact on their students. Groups of school leaders selected indicators and developed plans to focus and guide their efforts. Please come with us on our journey as we describe why, what and how we do our job to serve our students and families of our school. This reflection will include a discussion of the data and progress related to the Strategic Plan Indicators on which the school was focused. Due to the fact that these estimates will be available in late summer/early autumn, this information will be published in October 2019.
